KENX Announces the Agenda for the [Laboratory Data Integrity Compliance](#) Congress

KENX is proud to announce that the agenda for its Laboratory Data Integrity Compliance Congress has been released! The event is being held June 26-28, 2018 at The Bahia Resort Hotels, San Diego, CA. The largest event of its kind, offering over 20 tutorials that address today's top analytical challenges. With the recent increase in [FDA Warning Letters](#) highlighting laboratory data integrity deficiencies the time has never been more critical for pharmaceutical and medical device companies to evaluate and ensure top-notch compliance procedures. Attendees will learn the protocols, methodologies and actions needed to avoid regulatory action

KENX is also excited to announce that Dr. Horacio Pappa, Director – General Chapters Global Science and Standards Division, U.S. Pharmacopeia will be the Keynote Speaker.

Personnel in the Following Environments Should Attend:

- Validation
- QA/QC
- Scientist
- Chemist
- [Laboratory Management](#)
- Regulatory Affairs
- Data Integrity

This event is also appropriate to business development and sales managers that offer innovative solutions for QC laboratory management, validation departments, data collection and statistics. This Program is co-located with

Analytical Procedures and Methods Validation

Stability Testing & Program Management
