

## Bouquet Accepted to Plug and Play IoT Accelerator Program

*Immersive 12-week program champions investor relations and collaboration* 

SAN FRANCISCO, CALIFORNIA, USA, April 16, 2018 /EINPresswire.com/ --Bouquet, an Al-startup located in San Francisco, CA, has been accepted to participate in Plug and Play's prestigious 12-week IoT accelerator program. This particular program is part of an even greater ecosystem that Plug and Play has created to support, encourage and provide the necessary tools in order for the next generation of ideas and companies to succeed. Bouquet will now be able to create first-hand relationships with corporations and CVC's from tailored one-on-one meetings, participate in deal flow, attend public events and receive guided exposure with venture capitalists.

"We source hundreds of startups per batch based on the technology interests of our corporate

Our partners have been excited about Bouquet's solution and compelling business model and we look forward to bringing them into our IoT ecosystem."

Sobhan Khani, VP at Plug and Play IoT and Mobility partners," says Sobhan Khani, VP at Plug and Play IoT and Mobility. "Our partners have been excited about Bouquet's solution and compelling business model and we look forward to bringing them into our IoT ecosystem."

Aristotle, the name of Bouquet's Al-chatbot, is a pioneer in the Al race to automate how endless data is received, shared and understood. With Aristotle, enterprises are now able to interact with their data simply and naturally with voice recognition. Aristotle is always on, delivering smart and flexible analytics through conversations on mobile devices using standard messaging tools and voice-activated

### interfaces.

"Bouquet is excited to share how Aristotle is creating a new, magical experience for users with the integration of AI (artificial intelligence), BI (business intelligence) and CI (conversational interfaces)," says CEO and Co-Founder, Adrien Schmidt. "Plug and Play's guidance and extensive resources will truly help bring this new experience to life."

Schedule a demo today to see how Aristotle is changing the conversation about analytics and how it

can be implemented into your enterprise to create lasting results.
