The Top Workplaces list is based solely on employee feedback gathered through a third-party survey administered by research partner Energage, LLC (formerly WorkplaceDynamics), a leading provider of technology-based employee engagement tools. The anonymous employee survey measures several aspects of workplace culture, including alignment, execution and connection.

“Top Workplaces is more than just recognition,” said Doug Claffey, CEO of Energage. “Our research shows organizations that earn the award attract better talent, experience lower turnover, and are better equipped to deliver bottom-line results. Their leaders prioritize and carefully craft a healthy workplace culture that supports employee engagement.”

The Special Award for Managers is presented to the company that received the highest scores from employee responses to specific, individual survey statements. Employees rated statements on a scale from “strongly agree” to “strongly disagree.” For the Manager’s award, the statements included:

- My manager helps me learn and grow
- My manager makes it easier to do my job well
- My manager cares about my concerns

Auto/Mate was the only company to receive the Special Award for Managers, ranking the highest among all 50 companies and organizations in three size categories that were honored with Top Workplaces awards.

Auto/Mate's exceptional benefits for its employees include:

- Company events and outings
- Involvement in and sponsorship of community events
- Company sponsored wellness program with hosted speakers
- Body/Shop employee gym
- Employee discounts
- Paid volunteer day
- Company-wide contests and challenges
- Food trucks and hosted breakfasts and lunches on special occasions
