

The Answer to The Multi-Family Recycling Dilemma Comes to Waste Expo 2018

Factory Direct Promos brings the recycling solution for apartments, dorms and other multi-unit residential complexes to Waste Expo 2018.

CORAL SPRINGS, FLORIDA , UNITED STATES, April 24, 2018

/EINPresswire.com/ -- Factory Direct Promos is bringing the solution to recycling in smaller spaces, like multi-family dwellings and dorms, to the 2018 Waste Expo in Las Vegas. Factory Direct Promos' [reusable recycling bags](#) are taking the recycling industry, municipalities, multi-residential managers and tenants to the next level of ease in recycling. Made from recycled material and 100% recyclable, these reusable recycling bags will promote your community and drive your recycling program.

In multi-family dwellings, coordination and cooperation are key to a successful recycling program. A shift to a recycling program will be easier to promote if there is a green aspect involved. Reusable recycling bags are easy to promote because of their eco-friendly qualities and will lower costs and drive participation for your recycling program.

Solve the multi-family recycling dilemma with reusable recycling bags from Factory Direct Promos

“

Our custom reusable recycling bags are durable and work perfectly in smaller spaces. They can easily be hung on a hook or doorknob so they won't take up valuable space.”

Beth Wilkerson, Operations Manager Factory Direct Promos

The strong, laminated material used is durable, virtually leak-proof, reusable and good for the environment. Everything that tenants will need to know can be printed right on the bag. Full-color instructions on how to use the bag, and a quick rundown of what is and isn't recyclable take these bags to the next level of effectiveness. Rolling out a new system of recycling is easier when it uses an eco-friendly product that can be customized to fit your needs.

Factory Direct Promos' Operations' Manager, Beth Wilkerson is attending Waste Expo 2018 and shared, "Our [custom reusable recycling bags](#) are perfect for smaller spaces and can easily be hung on a hook or over a doorknob so they won't take up valuable space. They are fully customizable so

they provide a blank canvas, and an easy way, for municipalities and complexes to educate residents on the rules of their recycling program."

Custom reusable recycling bags can be built in a variety of sizes and can feature any imprint or color that will make them unique. Handles are a necessity, including sturdy handles on the top for normal use, and one handle on the bottom to make proper, sanitary disposal possible. The bags are reusable, washable and long-lasting to provide value.

Visit the Factory Direct Promos' team at Waste Expo 2018 in Las Vegas April 24-26th in booth #2306 to obtain a sample and find out how your complex or municipality can benefit from reusable recycling bags.
