

Reactive CBD, cannabis blended with vitamins and mineral targets health conscious Brits.

LONDON, UNITED KINGDOM / ISRAEL, April 18, 2018 /EINPresswire.com/ -- TEL AVIV / [CiiTECH](#), a UK / Israeli cannabis company, today announces the launch of a new member of it's [CBD](#) brand family. Reactive CBD is a range of food supplements based on cannabis derived compounds. Making use of the legal status of CBD (cannabidiol) and blending with a selection of vitamins and minerals positions [ReactiveCBD](#) as a new, innovative offering in the health and wellness product.

Reactive CBD products are produced and marketed as 'food supplements'. Reactive CBD contains a unique formula of; antioxidants, vitamins and cannabinoids for physical and mental well-being. Long-term use in conjunction with a in combination with a healthy lifestyle can greatly assists normal functioning and general wellbeing.

Reactive CBD contains full hemp plant extract including cannabidiol (CBD). Cannabidiol extract (CBD) is not a narcotic, not addictive, and is cultivated in full accordance with EU agricultural and food standards legislation.

Reactive CBD products are non-psychoactive and 100% legal for sale and consumption across the EU.

At CiiTECH we're proving what can with cannabis be done even without government approved medical cannabis programs. CBD is and should always be considered a food supplement, just like Aloe Vera."

Clifton Flack

evidence are in the US.

Clifton Flack, founder of CiiTECH Ltd "We believe everyone should have access to therapeutic cannabis. While the world begins to learn and governments begin to reform, CiiTECH develops products derived from 100% legal hemp leveraging the unique food supplement status in the UK"

Currently a number of countries are in the process of implementing medical cannabis programs following gov't reforms. The USA together with Israel have been front runners for the last 15-20 years. Much of the science behind cannabis has been discovered in Israel, whilst the majority of medical cannabis users providing an abundance of anecdotal

“This is scientific innovation at its best with CBD and super nutrients combined in a single dose and we’re excited launching the range with four products rolling out additional throughout the year.” said Clifton Flack.
