Globally, North America holds the largest market share of global small molecule API market, registering 38.84 % in 2016.

The scope of global small molecule API market study includes the market value, market size and a detailed analysis of vendor products and strategies.

## Key Players

The leading players of the global small molecule API market are Albemarle Corporation, Allergan Plc, Aurobindo Pharma, Cambrex Corporation, Dr. Reddy's laboratories Ltd., Glaxosmithkline Plc, Lonza , Merck Sharp & Dohme Corp., Mylan N.V., Pfizer Inc., Novartis AG, Siegfried AG , Sun Pharmaceutical Industries Ltd., Teva Pharmaceutical Industries Ltd. and others.

## Study Objectives of Small molecule API Market Development and Demand Forecast to 2027 Market

- Ø To provide insights about factors, influencing and affecting the market growth
- Ø To provide historically and forecast revenue of the market segments and sub-segments with respect to regional markets and their countries
- Ø To provide historically and forecast revenue of the market segments based on type, and sub-segment for global Small molecule API market
- Ø To provide strategic profiling of key players in the market, comprehensively analyzing their market share, core competencies, and drawing a competitive landscape for the market
- Ø To provide economic factors that influence the global Small molecule API market

## Target Audience

- Small molecule API companies
- Raw Material Suppliers
- Key executive (CEO and COO) and strategy growth manager

## Key Findings

- On the basis of types, synthetic/chemical API accounted for the largest market share of 81.31 % in 2016.
- US accounted for the largest market share of 59.75 % in 2016, with a market value of USD 30,848.3 million and is projected to grow at a CAGR of 6.6 % during the forecast period.
