*Electromate Inc. is proud to announce that it has been recognized as one of this year's Best Workplaces™ in Canada.*

TORONTO, ONTARIO, CANADA, April 27, 2018 /EINPresswire.com/ -- [Electromate](#) Inc. is proud to announce that it has been recognized as one of this year's Best Workplaces™ in Canada. This list, and related stories, will appear in a Special National Report on Thursday April 27, 2018 in The Globe and Mail.

Electromate prides itself on its commitment to the principles of Kaizen, or continuous improvement. This holds true for the professional and personal development of its employees which has greatly contributed to the creation of a company culture embodying the Core Values of Integrity, Innovation, Enthusiasm, Continuous Learning and Customer Advocacy.

“Creating a ‘Great Place To Work’ has been pivotal in driving employee satisfaction and engagement”, says Warren Osak Founder and President of Electromate. “Numerous empirical studies have shown that highly engaged employees are more productive and deliver a higher level of customer satisfaction than unengaged employees, and much of our competitive advantage stems from the positivity in our workplace.”

“The entire Electromate Team is thrilled to be recognized for our exceptional workplace culture and featured on the 2018 list of Best Workplaces™ in Canada.”

The 2018 Best Workplaces™ in Canada list is compiled by the Great Place to Work® Institute. The competition process is based on two criteria: two-thirds of the total score comes from confidential employee survey results and the remaining one-third comes from an in-depth review of the organization's culture. This offers a rigorous representation of the organization from an employee perspective, and an overall portrait of the workplace culture. Together, they provide crucial data relative to five trust-building dimensions: credibility, respect, fairness, pride, and camaraderie.
