

The Grove at Valhalla Unveiled Multi-Million Dollar Renovation Project in Historic Ribbon Cutting

VALHALLA, NEW YORK, UNITED STATES, April 27, 2018

[/EINPresswire.com/](http://EINPresswire.com/) -- Valhalla, NY - The Grove at Valhalla Rehabilitation and Nursing Center proudly unveiled their newly-renovated healing center to the community on April 26th. The evening was spent alongside Westchester County's leading physicians and respected healthcare providers, as The Grove was officially recognized as one of the area's leading providers of skilled nursing and subacute care.

The momentous ribbon cutting symbolized the embodiment of The Grove's traditional values, while embracing the center's commitment to providing innovative clinical technologies to patients during their healing journey. The center's state-of-the-art rehabilitation gymnasium features the most advanced equipment in the world of skilled nursing, resembling training equipment only before seen at NFL training centers along the East Coast. The gymnasium also boasts an unparalleled ADL (activity of daily living suite), designed to assist patients by providing real-life simulations of a homelike environment in preparation for their return back to the community.

Thursday evening's display of advancement and innovation was a tremendous step forward for skilled nursing facilities nationwide. The ribbon cutting event at The Grove showcased the strides subacute care centers have made as of late, by serving as the first choice for those recovering from a hospital stay. The Grove was proud to announce their status as one of the region's first skilled nursing facilities to embrace such change, while also being one of New York State's most highly-acclaimed rehabilitation centers. The Grove is currently one of the few skilled nursing facilities who have achieved a five-star status by the Centers
