About Flexi.com

In the early 1990s, the founders of Flexi had the primary goal of providing companies with a non-proprietary, feature-rich accounting system that could be scaled to handle millions of transactions. But, the founders wanted the software to remain flexible enough to handle the unique requirements of any company. This is how Flexi was born.

Flexi, headquartered in Shelton, CT, has 25 years of experience designing top of the line accounting solutions. Flexi solutions have been installed at more than 800 locations worldwide and the company has a long track record providing accounting solutions to businesses in all industries. Flexi solutions enable your business to increase productivity, reduce costs, and provide the analytics needed to make informed decisions so you can grow your business.
