

Discover the next generation of injectable drug devices in just 2 weeks

*Injectable Drug Delivery Conference -
May 15th - 17th - London, UK*

LONDON, I AM NOT IN THE U.S. OR CANADA, UNITED KINGDOM, May 1, 2018 /EINPresswire.com/ -- The highly anticipated 3-day conference will gather the growing [injectable](#) drugs community, filled with industry thought leaders and drug development experts involved in: device design, manufacturing, liquid and parentals, R&D and pharmaceutical process development.

If you haven't checked out the [agenda](#) yet, download a brochure today to see the full line-up of speakers and a detailed programme for 2018.

WHAT'S ON THE AGENDA? - A packed programme featuring an exceptional speaker line-up

Hear from a global panel of over 16 speakers to strengthen knowledge in key topics such as the development of next generation devices and the patient experience, whilst staying at the forefront of technological breakthroughs to adapt to growing drug production demands.

DON'T MISS case studies from:

- Roche, to learn the specifics and background of novel delivery technology, which involves weight-based dosing limits.
- GSK, who will discuss how to engage with stakeholders, designing with the end users and other parameters and requirements in the field.
- Sanofi, to examine the theoretical aspects of protein aggregation and oxidation with real-life industrial examples that illustrate the possible traps found in the fill & finish processing.
- Janssen, to uncover design strategies and learnings for pharmaceutical delivery systems using real life examples.
- LEO Pharma, to explore what it takes to be patient centric using hands on experience with study designs and implementation, involving key stakeholders in the process to secure anchoring of study

The banner features the SMI logo at the top right, with the text 'SMi is Proud to Launch their Conference on...' above the main title 'Injectable Drug Delivery 2018'. Below the title, it specifies the location: 'Holiday Inn Kensington Forum London, UK'. A blue rounded rectangle contains the dates '16 - 17 MAY'. At the bottom, a blue bar contains the website 'www.Injectable-drug-delivery.com'. A blue syringe is shown diagonally across the lower half of the banner.
