

Discover the Next Generation of Injectable Drug Devices – Only 1 week Remains!

LONDON, UNITED KINGDOM, May 8, 2018 /EINPresswire.com/ -- 29+ Exhilarating Presentations
8+ Hours Networking
18+ Hours of Interactive Content

With the event now 1 week away, I wanted to remind you that there is still time to secure your place at SMi's launch [conference](#), Injectable Drug Delivery taking place between May 15th - 17th Kensington, London UK.

The highly anticipated 3-day conference will gather the growing injectable drugs community, filled with industry thought leaders and drug development experts involved in: device design, manufacturing, liquid and parentals, R&D and pharmaceutical process development.

[Highlights](#) to look forward to:

- Evaluate solutions for high-volume and highly-viscous drug formulations and explore their increasing market opportunities
 - Revolutionise the patient experience through connected technologies, wearable injectors and maintenance of patient-centric design processes
 - Gain insight into the design strategies of industry-leaders
 - Discover the practical industrial solutions to tackling the critical fill and finish process
 - Learn how vial-based novel delivery technologies can overcome complex dosing regimens
 - Explore how nanosystems can help address present and future challenges in injectable peptide delivery
- Where Innovation starts, Pioneers meet, and Collaborations begin --

Take advantage of meeting your peers under one roof with over 8 hours of networking. Visit the download centre to take a look at the full attendee list and access exclusive content from our key

SMi is Proud to Launch their Conference on...

Injectable Drug Delivery 2018

Holiday Inn Kensington Forum
London, UK

16 - 17 MAY
