Ansart and Lympha Press USA team to lobby for #LymphaticFunding on 5/11 and participate in 5/12 Walk

NEW YORK, NY, USA, May 9, 2018

“I am honored to receive the LE&RN Impact Award, which recognizes Lympha Press’s contributions to education and advocacy on behalf of the LE and LD communities,” said Ansart. “I’ll be in DC, along with a team of Lympha Press employees, to support LE&RN Lobby Day on Friday, May 11, and to support the DC LymphWalk on Saturday.”

“As a company, we are committed to improving the lives of the people we serve,” Ansart continued. “Lympha Press employees develop lasting relationships with our customers and their long-term success. It is what drives our continuing dedication to this cause. The movement has come a long way.

However, far too often we hear from patients who were misdiagnosed or not diagnosed for many years. To us, this is unacceptable. We must do more to educate and to dedicate money for research. This is why we will be joining LE&RN in DC this week; we believe that solutions are possible.”

“Eric and the team at Lympha Press USA are wonderful examples of corporate citizenship,” said William Repicci, LE&RN President & CEO. “We are fortunate to have them as partners in the fight against LE and LD. As we come together, we will change the lives of the millions who struggle with these diseases on a daily basis. DC promises to be a turning point in this movement. And we hope that everyone will find a way to lend their support.”
