

PrintekMobile Launches NEW 4" Mobile Thermal Printer

Fast, Compact, and Lightweight 4" Mobile Printing which is ideal for field sales documents, tickets, labels and tags

BENTON HARBOR, MICHIGAN, UNITED STATES, May 14, 2018 /EINPresswire.com/ -- St. Joseph, MI — Printek Mobile, an industry leader for reliable, innovative, on-the-go rugged mobile printers, has announced the launch of its newest printer, the FieldPro541 mobile thermal printer series. The FP-541 printers will help to improve operations and productivity while on the road, out in the field, or at a customer site. It's ruggedized design was engineered to create crisp, professional-looking receipts, tickets, labels, tags, and field sales documents automatically and reliably.

The new FieldPro 541 is compact, lightweight, extremely fast, and your best choice for 4" receipt, [label](#), tag, and ticket printing. With the latest in battery technology, drop-in paper load feature and blazing print speeds, the FP-541 stands out from the competition. The FP-541 is an updated version of the previously successful RT43 series from Printek. The new design of the FP541 makes for a highly reliable, rugged, user friendly [mobile printer](#) perfect for a wide variety of applications. The FP-541 is an ideal printing solution for police, direct store delivery, route accounting, fork lifts, public utilities, retail and more. Like other Printek Mobile printers, the FP-541 is available in Bluetooth, Wi-Fi, and USB versions. An optional battery and shoulder strap allows users to be completely mobile. A wide variety of mounting options are available as well to help with ease of installation in vehicles. This compact mobile printer features an easy-to-read control face along with a web based interface for simple configuration. The FP-541 is compatible with Windows, Windows Mobile, and Android operating systems.

"The FP-541, with all of its features, is the latest in 4" mobile printing technology, and we couldn't be more excited to be offering it," states Chris Yeager, Director of Marketing at Printek, LLC. "The FP-541 is just one of many new mobile [thermal printers](#) Printek plans to launch this year."

As Printek Mobile continues the drive to develop and release new mobile thermal printers into the market, the FP-541 is sure to be a show stopper in the 4" printer market. To download a brochure on the NEWFP-541 printer, please visit: www.printek.com.
