

Smart Solution Signs Multi-year Agreement with DUCA Financial Services CU for the Universa Digital Banking Platform

DUCA is now positioned to accelerate its growth and rapid transition to fully digital channels

AURORA, ONTARIO, CANADA, May 15, 2018 /EINPresswire.com/ -- [Smart Solution](#) is very pleased to announce that one of Canada's top 20 Credit Unions has entered into a new contract for its [Universa](#) core banking system as it embarks on a journey to develop digitized, omni-channel member experiences. As it vigorously pursues its strategic plans to grow its membership, diversify its

business, and enhance its infrastructure, [DUCA](#) simultaneously continues to invest in its employees and support the local community at large. Being a leading fintech provider of banking and financial management solutions, Smart Solution's innovative products are a natural choice for institutions in need of a highly flexible processing platform that offers the latest in technological advances and security. As such, it continues to enhance and solidify the reputation of Universa as one of the most prominent contenders in leading-edge banking platforms in Canada, the Caribbean and Central America.

Universa's agile, rapid-release development process enables Smart Solution to quickly translate client business needs or new technologies into customizable system functionalities. The innovative banking software is a state-of-the-art, browser-based platform that encompasses the latest in technological advances and represents an inventive solution that supports open banking with multiple application programming interfaces (APIs) and integration points.

"At DUCA, we are focused on driving fundamental changes in our technology platforms going forward. Our agreement with Smart Solution, at this stage in our evolution, is an important initial step in our digital roadmap journey," said Doug Conick, President and CEO of DUCA.

"We are extremely excited to work with such a large and progressive institution and fully committed to partnering with DUCA to enable its growth and deliver on its mandate to do more, be more and achieve more for its members. The technology platform is the backbone of any institution and having selected Universa as its backbone is a testimony to the scalable architecture, flexibility and functionality packed into our Universa platform," stated Ilean Tait, President and CEO of Smart Solution. "Universa's market penetration continues to accelerate with several conversions scheduled for 2018 and beyond. Many institutions are looking for ways to keep up with new and emerging market technologies; the switch to Universa will provide them with the needed tools to meet those challenges and embrace the future."
