Take Down, The Political Assassination of [Patrick Brown](#)

Hard Cover \$39.95

"We were making great strides towards a more inclusive, modern, business-savvy Ontario. Yes, it appeared I would be Premier of Canada's largest province by age 40. Instead, on January 24, 2018, I was all but assassinated in public. Who did it, how, and why? This is a story of betrayal, blackmail, and backroom politicking involving some of Canada's biggest political names. This was my dream, this was my nightmare.

I'm Patrick Brown, and this is my story."

OPI is pleased to announce Patrick Brown's sensational new book that will captivate audiences across the country. From his precocious victory as Ontario Progressive Conservative leader in 2015; to his rebuilding of the antiquated party from scratch; to the suspicious speed of events leading to the early morning resignation as the party's leader; Brown will tell a story like no other politician has, in a cultural moment in time like none other in history.

"Brown's book will address how allies, friends, caucus members and political opponents were instrumental in his downfall in the moment of crises and months leading to." said Dean Baxendale, Publisher.

“

.....that included some of the biggest names in Canadian politics. It is a story about power and what it does to people. It's my story, and my name is"
