About Industry Era magazine

Industry Era is a technology magazine that features and talks about the enterprise solutions that can play a key part in redefining the business goals of organizations. We have become the leading sources who are sharing innovative and unique services developed by established vendors who have not yet been able to gain limelight. One can say we are the change that is much needed in the technology arena which has become congested with technological advancements.

Industry Era has culminated into one of the most trusted, interactive, community destination for decision makers, C level executives and other high-level IT executives to connect on key issues and business challenges. We follow a unique approach of blending content.
