

SPINDLE Project Goes in High Gear, to Be Listed on Four Cryptocurrency Exchanges.

TOKIO, JAPAN, May 22, 2018 /EINPresswire.com/ -- BLACK STAR&CO, (hereinafter referred to as "BLACK STAR&CO," head office: Chiyoda Ward, Tokyo, CEO: Masamitsu Hirai) has announced that, as part of the SPINDLE project it has been promoting in conjunction with its partners both home and abroad, its SPINDLE tokens (hereinafter referred to as "SPD") have been listed on four cryptocurrency exchanges around the world by May 21, 2018 (Mon).

HITBTC <https://hitbtc.com/exchange/>
Yobit <https://yobit.net/en/>
BTC ALPHA. <https://btc-alpha.com/exchange/>
Livecoin <https://www.livecoin.net/>
Exrates <https://exrates.me/> (To be listed soon)

This reflects high market expectations for the SPINDLE project (<https://spindle.zone>) and we will strive with our ZETA platform. This listing will give SPD high liquidity and put the project in high gear. SPINDLE/ZETA project started with the hope of promoting investment among the public rather than keeping it exclusive to the wealthy, and now we have proudly created the environment as a first step. ZETA, the essence of this SPINDLE project, will be operative step by step (for more details, refer to our WP in the SPINDLE website). The expert teams of BLACK STAR GROUP (in the U.K. and Japan) with long years of experience in the financial industry have been promoting the SPINDLE project and ZETA to change the future landscape of investment in cryptocurrency. To realize the philosophy of founders, including early investors who favor the SPINDLE project and the above mentioned expert teams, we will leverage Blockchain and other state-of-art technologies to convert the philosophy into reality.

The listing of SPD is just the beginning to realize our vision. SPD will seek to be listed in more cryptocurrency markets around the world.
