

# Wholesale/Dropship Furniture Supplier in North America

*GFURN.com is pleased to announce a new drop shipping program with direct integration for retailers who want to sell our products on their website.*

MONTREAL, QUEBEC, CANADA, May 23, 2018 /EINPresswire.com/ -- GFURN Design Furniture, a leading e-commerce furniture company headquartered in Montreal, Quebec, is pleased to announce a new [drop shipping program](#) with direct integration for retailers who want to sell our products on their website.

Although we have been already providing a drop ship program for several years for some of our clients, this new portal will allow retailers to connect directly their e-commerce store with our back-end, meaning it will be very easy for new/existing customers to import product listings to their store, get real-time inventory and place orders with competitive pricing. Our portal is transparent throughout the entire process - from the PO to the shipping notice and tracking number.

GFURN is a multi-channel e-commerce company. We operate with 3 divisions: B2C (with our own e-commerce store), Wholesale (for interior designers, architects and brick & mortar retailers) and Dropshipping.

We design, source and manufacture trendy and stylish furniture from all over the world. We have tailored our business to support an efficient supply chain within these three divisions. From our warehouse located in Montreal, Quebec, we ship on a daily basis to Canada and the US.

We have a curated selection of [mid-century furniture](#), scandinavian-inspired furniture, industrial furniture, [chic modern furniture](#), design lightings and home decor accessories. Carrying the GFURN brand will add a layer of sophistication and quality to any retail brand.
