

Calling all Microbiologists - 5 great reasons to be in San Diego

With only 2 weeks until the 2nd Annual Pharmaceutical Microbiology West Coast conference, potential attendees are urged to book soon, as places are limited.

LONDON, UNITED KINGDOM, May 24, 2018 /EINPresswire.com/ -- There is less than 2 weeks until SMI's 2nd annual Pharmaceutical Microbiology West Coast conference commences in San Diego, USA on June 7th and 8th, 2018. With only 5 delegate places left, the conference, which aims to inform and update attendees on the revised regulations and newly emerging methods and practices, is proving highly popular.

5 Key reasons to attend this year's two-day conference:

ONE

Stimulating discussion in a new panel debate: Hot topics in the cleanroom industry:

- Disinfection and disinfection qualifications
- New technologies to be implemented and barriers to implementation
- An adaptation to the cleanroom practices which are currently in place

Panelists include: Ziva Abraham, CEO, Microrite | Jim Polarine, Senior Technical Service Manager, STERIS Corporation | Mike Russ, Manager, QC Microbiology, Genentech | Andrew Bartko, Research Leader, Battelle Memorial Institute

TWO

Attend the 2 interactive workshops taking place on Wednesday, June 6th, 2018:

- Workshop A - 08:30 – 12:30: A practical guide to “Risk Based Environmental Monitoring” that addresses real world risk of contamination control

Leaders: Ziva Abraham, CEO, Microrite and Morgan Polen, Contamination Control and Cleanroom Expert, Microrite

- Workshop B - 13:30-16:30 : Technologies for Microbial Contamination Control
- Leader: Andrew Bartko, Research Leader, Battelle Memorial Institute

THREE

The poster features a blue and purple color scheme with a background image of a laboratory setting, including a pipette and a grid. The title 'Pharmaceutical Microbiology West Coast' is prominently displayed at the top. Below the title, the dates for the pre-conference workshops and the main conference are listed. The location, Crowne Plaza, San Diego, CA, USA, is also mentioned. At the bottom, there is a call to action to visit a website to register.

Pharmaceutical Microbiology West Coast

[The event has nearly sold out with only 5 places left](#), preliminary attendees include: Allergen, Bayer Healthcare, Genentech, Bimeda, Teva Pharmaceuticals, AstraZeneca, Regeneron, Microrite, Vital Therapies, Microbiologics and many more.

FOUR

The event has nearly sold out with only 5 places left, who has 25+ years of academic, research, clinical and industrial experience in microbiology and quality assurance, and is the CEO and Founder of Microrite, Inc., a California based consulting firm. As well as chairing, Ziva will also be doing a presentation on "Underlying issues behind microbiological data deviations and data integrity" and co-hosting Workshop A.

FIVE

Live the dream and visit San Diego - be part of the laid-back California culture, complete with a Boardwalk, surfing communities, and outstanding Mexican food. Breathe in the fresh ocean air at Sunset Cliffs Natural Park, then gobble down a fresh fish taco at seafood joint. The naval aircrafts at the USS Midway Museum will have you standing at attention. A free Sunday concert at the Spreckels Organ Pavilion is the perfect way to unwind after a Saturday night bar-hop in the thumping Gaslamp Quarter - of course all well-deserved after a 2-day conference (Thursday and Friday) at the Crowne Plaza San Diego Hotel.

With over 15 presentations by leading industry experts, academics and scientific pioneers, the event is proving to be highly in demand and interested parties are urged to register their place soon to avoid disappointment. To book your place, view the full agenda and speaker line-up, visit the website at: www.pharma-microbiology-usa.com/einpr
