The brand spokesperson told in an interview “Haiqah has been fortunate that it has been loved by Islamic fashion lovers around the world. Since inception, Haiqah has remained in the news for launching successful designer wear season after season. This season is no different. If you see the collection this time, we have made use of pastel colors and merged with embroidery, slits, cuts and other design cues. The Abayas will appeal to the Modest Islamic Women globally and the Kimonos to the more fashion-loving kind”.

We got a chance to speak to one of the customers at the store, she said “The weather has been a spoilsport, but still I felt the need to come and see the latest summer collection by Haiqah. I just love their design language and simplicity. In London, only a few designer brands can compete with Haiqah. As soon as I got to know through social media, I just came out of curiosity to witness their amazing dresses and I was not disappointed at all”.
