

Microdermabrasion Market Analysis 2018 (By Segment, Key Players and Applications) and Forecasts To 2023

Microdermabrasion - Market Demand, Growth, Opportunities and Analysis of Top Key Player Forecast To 2023

PUNE, INDIA, May 25, 2018 /EINPresswire.com/ -- Introduction

[Microdermabrasion](#) is a popular technique for the treatment of various skin conditions like acne, hyperpigmentation, trauma scars, photo-damage, stretch marks, and others. Increasing prevalence of skin diseases, rising demands for minimally invasive aesthetic procedures, growing expenses on the cosmetics are the major drivers for the market growth. However, alternative non-surgical procedures in the market may restrain the market growth during the forecast period. The global market for microdermabrasion segmented on the basis of type, product, indication, end user, and region. The market for microdermabrasion, by type is segmented into diamond microdermabrasion, crystal microdermabrasion, and others. The diamond microdermabrasion segment accounted for the largest market share in 2016.
