PDF Xpansion SDK 13 available – Versatile New Functionality for PDF Developer Toolkit

Soft Xpansion has released PDF Xpansion SDK 13. The toolkit enables software developers to embed PDF, PDF/A and XPS functionality in their applications.

BOCHUM, GERMANY, May 25, 2018 /EINPresswire.com/ -- The SDK offers rich functionality to create and edit these documents, to display them or print to paper, and to convert files between these formats. Finally yet importantly, various options for the export to and for the import from other file formats are available. Thus, developers save time and are able to concentrate on the development of the real core features of their applications.

Thanks to the PDF Xpansion SDK 13 functionality, end users do not need any additional programs to create, edit and view PDF, PDF/A or XPS files with their Windows desktop programs, server solutions or apps for mobile devices. The prices for the components of the PDF Xpansion SDK 13 are based on lump sum fees that grant a permanent license. Prices neither depend on the amount of copies of the application, nor on the number of developers. Optionally, PDF Xpansion SDK clients may sign a maintenance agreement. This contract entitles them to download version updates free and to get more extensive product support.

NEW FEATURES AT A GLANCE
* Higher quality when converting HTML files and web pages to PDF
* Viewing, printing and conversion of eBook files (EPUB & MOBI) to PDF
* Undo operation for content editor and for most frequently used PDF features
* Refined conversion of Word and Excel files to PDF
* Advanced support of JavaScript in PDF documents
* Optimized processing of PDF forms
* Enhanced rendering (displaying and printing) of PDF documents

ADDITIONAL INFORMATION
Detailed information is available on the [PDF Xpansion SDK 13 product page](). The page also offers a trial license that comes with a detailed product guide and an illustrative programming reference for developers.

MORE SOFTWARE BASED ON PDF XPANSION
The SDK 13 is based upon Soft Xpansion's PDF Xpansion technology, which is used by a constantly growing number of companies in their own software applications. Moreover, Soft Xpansion has implemented the technology into its own Perfect PDF product family. The family members consist of desktop applications (single/multi user), apps, server solutions and freeware.
