

Peer Mountain Announces Partnership With TokenMarket for Token Generation Event

One of the lead ICO advisory firms in the world, TokenMarket, partners with Peer Mountain to run a high quality Token Generation Event.

LUXEMBOURG, CLERVAUX,
LUXEMBOURG, May 28, 2018

/EINPresswire.com/ -- ROAD TOWN,
British Virgin Islands, May 28, 2018

/PRNewswire/ -- Peer Mountain - the leading cross blockchain protocol for self sovereign identity, has proudly announced its partnership with token sale experts, [TokenMarket](#), for the

upcoming Peer Mountain token sale. This partnership will ensure Peer Mountain's commitment to running a high quality token generation event.

TokenMarket will provide Peer Mountain with its end-to-end advisory service that encompasses; token creation/issuance, marketing, PR, community management, and advisory services in order to execute a secure and compliant token generation event.

The partnership will set the foundation for Peer Mountain to supply real-world trust and privacy for digital transactions. This is achieved by utilising PMTN tokens within the Peer Mountain platform to measure the value of trust within the world's first peer-to-peer self-sovereign ID, compliance, and commerce ecosystem.

Peer Mountain's entrance to the market provides the potential to transform the \$105-billion global cyber security market via clear validation within its platform.

"We are excited to start working with TokenMarket, one of the most highly respected and well-established token sale firms, for the PMTN generation event," said Peer Mountain CEO and Founder, Jed Grant. "Peer Mountain is delighted to have the full support and backing of the TokenMarket team in order to achieve our goal," Grant stated.

With over 30 successful token sales executed over the past year, TokenMarket will utilise its experience in the market to support Peer Mountain during the course of its token generation event.

"TokenMarket is pleased to announce our partnership with Peer Mountain on this exciting project," said TokenMarket CEO Ransu Salovaara. "We at TokenMarket have the means and know how to help execute Peer Mountain's vision of developing blockchain commerce. We are really looking forward to working with Jed and the Peer Mountain team."

Both parties have indicated that some adjustments to the structure of the PMTN sale may be made to

ensure the best outcome for the project and the Peer Mountain community. Final details and dates are to be released via the Peer Mountain community channels and website in the coming weeks.
