

Illinois Corporate Whistleblower Center Now Urges A Medical Doctor to Call Them About Substantial Rewards If They Can Document How a Healthcare Company is Giving Kickbacks Physicians for Referrals

WASHINGTON, DC, USA, June 21, 2018 /EINPresswire.com/ -- The Illinois Corporate Whistleblower Center is now urging Physicians nationwide to call them anytime at 866-714-6466 if they possess proof any imaginable type of healthcare company is paying kickbacks for referrals from medical doctors. Recently the Department of Justice announced a \$29.6-million-dollar settlement involving two medical practice groups and a hospital system involved in a referral kickback scheme. The allegations revolved around kickbacks for patient referrals. In this instance the scheme involved a hospital system admitting patients rather than seeing them on an outpatient basis. In this instance the whistleblowers (two medical doctors) will receive \$6.2 million dollars for their information.

According to the Department of Justice, "On average, Medicare pays at least three times as much for an inpatient admission as it does for outpatient care."

Simple rules for a whistleblower from the Illinois Corporate Whistleblower Center: Do not go to the government first if you are a potential whistleblower with substantial proof of wrongdoing.

The Illinois Corporate Whistleblower Center says,

"Major whistleblowers frequently go to the government thinking they will help. It's a huge mistake. Do not go to the news media with your whistleblower information. Public revelation of a whistleblower's information could destroy any prospect for a reward. Do not try to force a company/employer or individual to come clean about significant fraud involving paying mandated Davis Bacon wages on federal jobs, Medicare fraud, anti-kickback Stark violations, overbilling the federal government for services never rendered, multi-million-dollar state or federal tax evasion, or an Illinois based company falsely claiming to be a minority owned business to get preferential treatment on federal or state projects. Come to us first, tell us what type of information you have, and if we think it's sufficient, we will help you with a focus on you getting rewarded."

Unlike any group in the US the Corporate Whistleblower Center can assist a potential whistleblower with packaging or building out their information to potentially increase the reward potential. They will also provide the whistleblower with access to some of the most skilled whistleblower attorneys in the nation.
