

Lemon Lambs Art Presents the Bucket List Cityscape Collection to Inspire the Wanderlust in You

The collection is set to take the world by storm with gorgeous hand drawn skylines that will be the centerpiece of any room.

SINGAPORE, SINGAPORE, June 12, 2018 /EINPresswire.com/ -- Lemon Lambs Art will be launching the Bucket List Cityscape Collection on 26th June 2018. Each intricate piece is meticulously hand drawn and water colored, taking up to a week to complete before being printed on high quality archival paper.

All featured cities have been selected based on their global popularity, so you can have your favorite skyline hanging on your wall whether it be a dream holiday location or the city you live in. All pieces come in customizable sizes and colours to fit any room!

Bucket List Cityscape Collection First Look

Owner and designer Jillian Chong, who has many of these cities on her own travel bucket list, says "Every city has its own unique skyline, and I was inspired to bring my own twist to make it a much more memorable piece of art that people would love."

“

Every city has its own unique beautiful skyline, and I was inspired to bring my own twist to make it a much more memorable piece of art that people would love.”

Jillian Chong

Once a telecommunications consultant, Jillian gave up her career to pursue her creative passion and make art more accessible and relatable to people. Her innovation and attention to detail are why customers keep returning to purchase her latest works.

The collection also includes exquisite hand foiled designs, available in different colors such as gold and rose gold. Jillian explains why these are special - "These days you rarely see art that has been foiled by hand - they are mostly hot stamp printed. I wanted to bring an added personal touch to each of these pieces." She will also sign

each purchased piece herself before it is shipped out.

Do not despair if your favorite city is not part of the Bucket List. This collection is part of an extended 'Travelines' series which includes many more planned cityscape collections. Jillian aims to release a map collection as part of the series as well. She also welcomes you to join her [Lamb Insiders VIP list](#) and have a say in which cities and countries could potentially be included in future collections.
