

VL OMNI Announces Peoplevox WMS Data Integration Connector

Shopify Plus Technology Partners, VL OMNI and Peoplevox, announce newly formed Partnership and Integration Connector

OAKVILLE, ONTARIO, CANADA, June 4, 2018 /EINPresswire.com/ -- [VL OMNI](#), an agile point to multi channel data integration platform, announces its partnership with [Peoplevox](#) WMS. Their class-leading Warehouse Management System is one of the ecommerce industry's most trusted and reliable tools, facilitating efficient warehouses by providing pure-play and multichannel retailers full control over their warehousing processes. Partnering with VL OMNI to extend the reach of Peoplevox WMS into even more applications, this exciting partnership announcement is paired with the joint launch of the VL OMNI Peoplevox Connector. The partnership and Connector will allow VL OMNI to extend its offering of moving data seamlessly through Merchants' infrastructure as they grow, expand and accelerate their businesses, while simultaneously helping current and future Peoplevox customers integrate with a broader and more complex range of applications.

Peoplevox's inventory and warehouse management system for ecommerce is flexible, fast, and built to grow. Their software supports every aspect of warehouse management and makes complex processes seem simple while giving fast-growing companies a strong platform to scale. With over 140 clients in 24 different countries, all customers of Peoplevox WMS benefit from their forward-thinking application and 24/7 service offering. Their focused and easy-to-train solution gives ecommerce leaders full control over their brands' fulfilment.

"The VL OMNI team is very excited to announce our partnership with Peoplevox, and to launch the VL OMNI-Peoplevox Connector," says Jessica Thiele, Marketing Manager at VL OMNI. "Connecting with Peoplevox WMS on the UK RoadShow Tour early in 2018 proved to be a true meeting of minds; both
