

TechWise Group Becomes a Microsoft Authorized Education Partner

TechWise Group earns distinction through commitment to academic customers

CONSHOHOCKEN, PA, US, June 5, 2018 /EINPresswire.com/ -- TechWise Group today announced it has become a Microsoft Authorized Education Partner (AEP), demonstrating its ability to meet Microsoft academic customers' evolving needs in today's dynamic business environment. To earn a Microsoft AEP authorization, partners must complete a test to prove their level of academic licensing and market expertise.

The AEP program is designed to train participating resellers on Microsoft's Academic licensing, authorize them to purchase and resell Microsoft Academic licenses, and demonstrate to potential customers that they are approved and knowledgeable academic partners.

"TechWise Group is thrilled to be able to extend our Microsoft expertise into the Education community in our region. We look forward to empowering education organizations with the [latest cloud](#)

[technologies](#) to help them achieve more." said [Lauren Schwartz, CEO].

“

We look forward to empowering education organizations with the latest cloud technologies to help them achieve more.”

Lauren Schwartz, CEO

“By becoming AEPs, partners show themselves to be committed and trained in providing discounted Microsoft academic products to the education market,” said Anthony Salcito, vice president of Education for Microsoft Corp.'s Worldwide Public Sector. “This authorization, along with our other education partner initiatives, gives our partners recognition of their areas of expertise and our academic customers the confidence that they are buying from academic

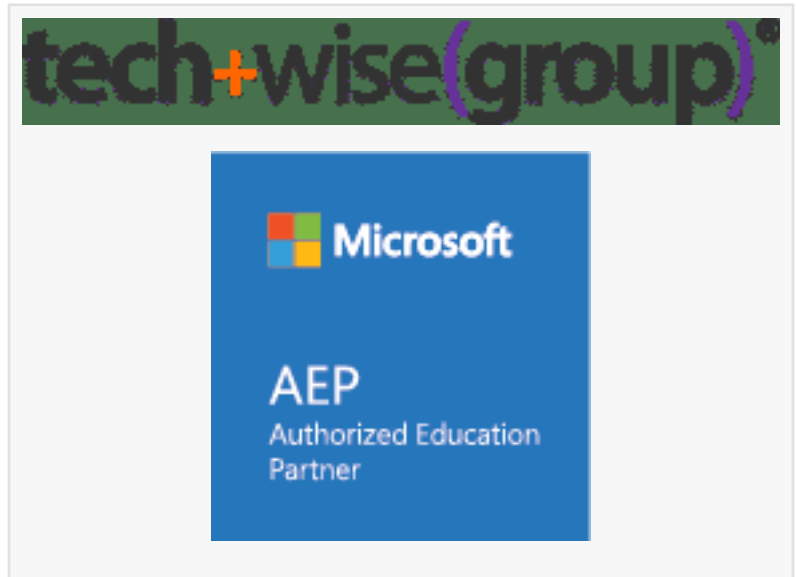

IT specialists.”

The Microsoft AEP Program is designed to authorize and equip organizations that deliver academic products and services through the Microsoft platform with the training, resources and support they need to provide their customers with superior experiences and outcomes.

Recognized as a Microsoft Gold Partner, TechWise Group offers comprehensive technology services and technology support on technologies including [Office 365](#), [Azure](#), [Dynamics 365](#), [Microsoft 365](#), [SharePoint](#), [Microsoft Teams](#), Enterprise Mobility + Security, Skype for Business and Microsoft Surface.
