

# IT Governance set for Health Plus Care 2018 event

ELY, CAMBRIDGESHIRE, UK, June 7, 2018 /EINPresswire.com/ -- Ely, United Kingdom, 7 June 2018 – IT Governance, a leading authority on data protection, risk management and compliance solutions, is attending Health Plus Care 2018 later this month, as it continues to work with those in the healthcare sector on the subjects of information governance, risk and compliance.

Held on 27–28 June at ExCeL, London, Health Plus Care is the largest integrated event of its kind, with a comprehensive programme covering the delivery of cultural, service, system and digital transformation for the future. The event is a rare opportunity for colleagues from across the NHS, local government, care homes and the voluntary sector to come together on an equal footing to network, collaborate and share learnings around implementing change.

Alan Calder, founder and executive chairman of IT Governance, says: “With many years’ experience in the healthcare sector, IT Governance is well positioned to aid attendees at Health Plus Care 2018. Cyber security issues such as the EU General Data Protection Regulation (GDPR) are more pertinent to healthcare professionals than ever before and it is paramount this sector remains educated and informed on these issues, which is where our expertise is vital.”

Visit the event website to see all the details, including speakers and the exhibitor list. Clients and attendees are encouraged to visit IT Governance at stand F38.

As a leading provider of GDPR expertise and solutions, IT Governance can support organisations in initiating and maintaining a compliance project through certified GDPR training courses, books, documentation toolkits, staff awareness, compliance tools and consultancy.
