

Reminder: 1 week remaining for SMI's 6th annual Pharmaceutical Freeze Drying Technology Conference

LONDON, UNITED KINGDOM, June 7, 2018 /EINPresswire.com/ -- 14 Exhilarating Presentations + Panel | 8+ Hours Networking | 18 Hours of Interactive Content | 2 Hands on Workshops

With the event now just 1 week away, this is a reminder that there is still time to register at SMI's 6th annual, Pharmaceutical Freeze Drying Technology [conference](#) and workshops, taking place between 12th - 14th June, London UK.

The highly engaging 3-day conference will gather the growing pharmaceutical freeze drying community, filled with industry thought leaders and drug development experts involved in: quality-by-design (QbD), manufacturing, temperature monitoring, novel technologies in R&D and pharmaceutical process development.

Highlights to look forward to:

“

"PAT – great strides has definitely been made over the last decade, but there is still a significant need to further improve this in order to take freeze drying technology to the next level."

[CHAIR] - Dr. Sune Klint Andersen, Principal Scientist, Janssen

- Discuss the use of old and new methods in terms of the optimisation of freeze drying cycles
- Learn about case studies which delve into the processes through which cycles can be refined to the utmost efficiency
- Hear about a new PAT for freeze drying cycle development through vial impedance spectroscopy
- Discover ways in which water activity measurement and mathematical modelling can be used to evaluate the stability of freeze dried vaccines
- Evaluate quality-by-design strategies, applied to spray drying, versus lyophilisation
- Where Innovation starts, Pioneers meet, and Collaborations begin! -

Take advantage of meeting future connections under one roof with over 8 hours of networking. Visit

the download centre [online](#) to take a look at the full attendee list and access exclusive content from key speakers, including one to one interviews.

Snap shot of those confirmed include:

Pharmaceutical Development, CMC | Development Scientist | Director of Development, Chem. Eng. Discovery | Director of R&D | Director Sales & Marketing | Emeritus Professor of Medicinal Chemistry | Expert Scientist, Head Filling Drying Device | Manufacturing and Technology Specialist | Pharmaceutical Development | Principal Scientist | Principal Scientist & Section Head | Principal Scientist Spray Drying | Process Sciences Department, Head of Pharmaceutical Basic Development | Professor of Clinical Pharmaceutics | Professor of Pharmaceutical Process Analytical Technology | Professor, Pharmaceutical Sciences | Research & Development, PDMS - Parenterals & Liquids | Researcher | Sales Manager Pharma | Scientist | Senior Process Engineer | Senior Scientist | Drug Discovery and Pharma Management | Validation & Process Technical Support Senior Professional | Validation and Process Technical Support Senior Specialist

+ more! - Full list of 2018 attendees available in the download centre online

There is currently a manager's special discount available online of £999! Book online today:

SMi presents the 6th annual conference:
Pharmaceutical Freeze Drying Technology
Date: 13th – 14th June 2018
Workshops: 12th June 2018
Location: Holiday Inn Kensington Forum, London UK
Website: www.pharmafreezedrying.com/ein

Sponsored by: Nextaro
