

ICONICS Recognized as Winner for the 2018 Microsoft Manufacturing Partner of the Year Award

FOXBOROUGH, MA, USA, June 7, 2018 /EINPresswire.com/ -- [ICONICS](#) today announced it has won the 2018 Microsoft [Manufacturing](#) Partner of the Year Award. The company was honored among a global field of top Microsoft Partners for demonstrating excellence in innovation and implementation of customer solutions based on Microsoft technology.

“ICONICS is especially proud of being named the 2018 Microsoft Manufacturing Partner of the Year,” said Russ Agrusa, President and CEO of ICONICS. “As a six-time winner of this prestigious honor, we take it as evidence of the strength of our long working relationship with Microsoft and of the shared accomplishments between both our companies.”

Awards were presented in several categories, with winners chosen from a set of more than 2,600 entrants from 115 countries worldwide. ICONICS was recognized for providing outstanding solutions and services in Manufacturing.

“I am pleased to recognize ICONICS as the winner of the 2018 Microsoft Manufacturing Partner of the Year Award,” said Çağlayan Arkan, General Manager, Manufacturing & Resources at Microsoft. “Microsoft’s mission is to help its partners to deliver value-added line of business solutions using our Azure cloud and Azure IoT technologies to address the challenges commonly faced by manufacturers worldwide, and ICONICS has a proven track record of doing just that.”

The Microsoft Manufacturing Partner of the Year Award recognizes a partner organization that excels at providing innovative and unique services or solutions based on Microsoft technologies to Manufacturing customers, demonstrating thought leadership in their industry. Award winners demonstrate industry knowledge and expertise, as well as consistent, high-quality, predictable service or solutions to Manufacturing customers. They also demonstrate business leadership and success through strong growth in new customer additions and revenue by leveraging the latest Microsoft technology as their solution platform.
