

Tour San Francisco on a Kick Butt Electric Scooter Adventure

Want to avoid looking like a tourist when you're in San Francisco ? Take a fully guided tour on an Electric scooter with an entertaining tour guide.

SAN FRANCISCO, CA, UNITED STATES, June 10, 2018

/EINPresswire.com/ -- Want to avoid looking like a tourist when you're in San Francisco? Take a [tour](#) of the city on an electric scooter!

As scooters become as ubiquitous as artisanal coffee in the city by the bay, the San Francisco Electric Tour Company — the people who introduced Segway® tours to the town back in 2004 — has launched [SF Scooter Adventure Tours](#). Brian Huber, the company's president, says the tours cover some of the same ground as the Segway tours with one major difference.

“We can get closer to the Golden Gate Bridge with electric scooters than we can with Segways,” Huber explains. Neither conveyance is allowed on the bridge but scooters can venture closer, similar to where you can travel on a bike.

SF Scooter Adventure Tours offers four different ways to enjoy the city on a scooter, all of which offer stunning views of San Francisco Bay, the Golden Gate Bridge, and the city skyline:

“

Fully guided tours on kick butt fun to ride electric scooters ! What's not to love? Jump on and let's go”

Electric Scooter Tours near the Palace of Fine Arts San Francisco

1.5-hour tour. Glide through Fisherman's Wharf and then out to the San Francisco Bay waterfront, enjoying iconic locations such as the National Maritime Museum, Aquatic Park, Marina Green, Crissy Field, and historic Fort Point under Golden Gate Bridge.

2.5-hour tour. See all of the above plus get much closer to the Golden Gate Bridge and a more stops in the Marina District including the Palace of Fine Arts.

Scavenger hunts. Whether for team-building or family get-togethers, these customizable activities are great fun and feature locations in Fisherman's Wharf, North Beach, Russian Hill, and Telegraph Hill.

Private tours. These outings can be as long as three hours. Featured sights include those included in the 2.5-hour tour plus or minus any that you suggest.

And in the spirit of San Francisco's tech culture, multiple stops are made for Instagram and Snapchat photos.

Every tour begins with some initial familiarization with the scooters and test riding. Previous experience with bicycle riding is extremely helpful, as scooters require the same side-to-side balance that bikes do. Riders must be at least 16 years of age to ride a scooter, according to California law.

About SF Scooter Adventure Tours and the Electric Tour Company.

Ride with the original Bay area Segway and Electric Scooter Tour Company – The San Francisco Electric Tour Company

Since 2004 - The San Francisco Electric Tour Company offers fun-filled tours of one of the world's most beautiful cities on the world's most unique transportation device: the Segway! In 2018 we introduced more fun tours on I-Max and Eco-Reco Electric Scooters. The new Electric Scooter Tours offer amazing routes to the Golden Gate Bridge (currently for guests age 16 and up.)

Whether guests are an adventurous single looking for an unusual way to experience San Francisco or a parent with children over 12 years old trying to keep the family entertained on vacation, all riders love the unforgettable experience of riding a Segway and now guest 16 and up can explore on board Electric Scooters.

For over 25 years, this family-owned and operated sightseeing tour and travel publication businesses have promoted the notion that no town in the world is as much fun as San Francisco.
