

RiskPoynt Adds Partners Globally to Expand Deployment Capabilities

SaaS Based Barrier Risk Management Is An Essential Tool for Managing Asset Integrity And Health for The Energy Industry

CALGARY, ALBERTA, CANADA, June 11, 2018 /EINPresswire.com/ -- Calgary, Canada – June 12, 2018 – MDI Enterprises, a master licensee of RiskPoynt software, has expanded the distribution and services footprints of RiskPoynt by working with Nextwells Inc. in Oman and the Middle East and H&C Gestao de Risco in Brazil and Latin America.

RiskPoynt is the recognized global leader in offering a barrier model based operational risk management (ORM) solution to the energy sector. RiskPoynt translates complex risk assessments for each safety barrier into visual displays that are easy to interpret and act on by people at all levels of your organization, locally and globally.

"We are excited about our partnership with RiskPoynt as we are seeing a real need by operators to have easy to use tools to be able to manage, control and visualize cumulative risk across their asset portfolio," said Carlos Eduardo Pecanha, Co-founder of H&C. "As in other parts of the world, Brazilian regulatory authorities are considering safety critical barrier risk management for all local operators, and we feel that RiskPoynt provides a powerful tool."

"This is a key component of the RiskPoynt growth strategy, enabling local solution and reseller partners to quickly and easily pursue a fast-growing market, expand their offering and stay on the cutting edge of cloud technology" said, Tim Perman, CEO of RiskPoynt. "Our goal is to continue to look for high calibre partners and subject matter experts that understand the evolving nature of operational risk management tools and requirements for the Oil & Gas industry."
