IT Governance to sponsor and attend 2018 GDPR Summit London

ELY, CAMBRIDGESHIRE, UNITED KINGDOM, June 12, 2018 /EINPresswire.com/ -- Ely, United Kingdom, 12 June 2018 – IT Governance, the world leader in the field of data protection, risk management and compliance solutions, will attend and sponsor 2018's second GDPR Summit London – an event focused on the most significant overhaul of data protection in three decades.

With the EU General Data Protection Regulation (GDPR) coming into effect last month, some organisations across Europe (and beyond) may still be getting to grips with this law and the potential repercussions for failure to comply. GDPR Summit London gives these organisations the chance to meet more than 40 data protection experts – including IT Governance – and participate in what is described as a high-impact, content-rich and jargon-free event to enrich everyone's GDPR journey.

Alan Calder, founder and executive chairman of IT Governance, said: "This is our second visit to GDPR Summit London in 2018 and once again we look forward to meeting with attendees to discuss their GDPR needs. Being a sponsor and attending an event such as this demonstrates that IT Governance is at the forefront of helping organisations around the world address the challenges of GDPR compliance."

The summit will take place on 25 June at 155 Bishopsgate in London, near Liverpool Street Station. Visit the event's website to register and see the agenda, including speakers and seminar topics. Clients and attendees are also encouraged to visit IT Governance at the event.

As a leading provider of GDPR expertise and solutions, IT Governance supports organisations of all sizes in initiating and maintaining their compliance projects through _certified GDPR training courses,_books,_documentation toolkits,_staff awareness,_compliance tools_and_consultancy.
