

Conditional Access System 2018 Global Market Size, Status, Analysis and Forecast 2021

PUNE, INDIA, June 14, 2018 /EINPresswire.com/ --

Global Conditional Access System Market

WiseGuyRerports.com Presents "Global Conditional Access System Market 2017-2021" New Document to its Studies Database. The Report Contain 70 Pages With Detailed Analysis.

Description

Conditional access system (CAS) is a technical system that ensures that payment is received by all pay-media operators in return for the content being viewed by the subscribers. In digital broadcasting, the consumer is authorized to view only the content that is paid for. It provides access based on certain conditions. Only the authorized receiver can decrypt the broadcast content.

The analysts forecast the global conditional access system market to grow at a CAGR of 5.01% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global conditional access system market for 2017-2021. To calculate the market size, the report considers shipments of CAS and STB and excludes replacement and aftermarket services.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

The Global Conditional Access System Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- China Digital TV Holding
- Cisco Systems
- Irdeto

- Nagravision (Kudelski Group)
- Verimatrix

Other prominent vendors

- Arris Group
- Austrian Broadcasting Services (ORS Group)
- Beyond Broadband Technology
- BS Conditional Access Systems
- Communicate Technologies
- Conax Technology
- Ericsson
- Latens Systems
- STMicroelectronics
- Wellav Technologies
- ZTE

Market driver

- Increased television digitization
- For a full, detailed list, view our report

Market challenge

- Emergence of cloud challenging STB market
- For a full, detailed list, view our report

Market trend

- Expansion in emerging markets
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents -Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market outline

PART 05: Market landscape

- Market overview
- Five forces analysis

PART 06: Market segmentation by type

- Global CAS market by type
- Global CAS market by smartcard CAS
- Global CAS market by cardless CAS

PART 07: Market segmentation by application

- Global CAS market by application
- Global CAS market by television
- Global CAS market by Internet services
- Global CAS market by others

PART 08: Geographical segmentation

- Global CAS market by geography
- CAS market in Americas
- CAS market in APAC
- CAS market in EMEA

PART 09: Decision framework

PART 10: Drivers and challenges

- Market drivers
- Market challenges

PART 11: Market trends

- Expansion in emerging markets
- Multiscreen CAS
- Cloud-based CAS
- Increased adoption of conditional access modules for STBs

PART 12: Vendor landscape

- Competitive scenario
- China Digital TV Holding
- Cisco Systems
- Irdeto
- NagraVision (Kudelski Group)
- Verimatrix
- Other prominent members
