

The Dosing Systems Market is expected to reach \$7312.1 million by 2023

Europe is expected to have largest share in the Dosing Systems Market during the forecast period. It is expected to reach \$2036M by 2023 at a CAGR of 3.10%.

HYDERABAD, TELANGANA, INDIA, June 18, 2018 /EINPresswire.com/ -- According to the new market research report by [IndustryARC](#) titled "Dosing Systems Market By Technology Type (Diaphragm, Piston, Peristaltic) By Application (Water Treatment, Oil & Gas, Chemical Processes, Pharmaceuticals, Food & Beverages, Pulp & Paper, Agriculture & Pesticides, Textiles and Others) and By Geography 2018-2023", the market is driven by the rapidly growing industries such as oil & gas, water treatment, power generation, chemical processing, food & beverage, etc.

Europe to dominate the Dosing Systems Market during the forecast period

Europe is expected to have the largest share in the Dosing Systems Market during the forecast period. It is expected to reach \$2036.2 million by 2023 at a CAGR of 3.10%. North America will experience a growth of \$1,934 million by 2023 at a CAGR of 3.6%. Asia Pacific is expected to have the highest growth due to the increasing needs from water and waste water treatment industries. The need for clean drinking water in Asia Pacific also spurs the need for dosing systems. The countries in the Middle East will have more demand for dosing systems in water treatment as increasing demand for clean drinking water is observed in the region.

Selected Analysis done in the full Report:

The water treatment segment is expected to experience the largest growth in the Dosing Systems Market during the forecast period. It is expected to have a growth of \$2351.9 million at a CAGR of 5.9% by 2023. This is due to the growing demand for water treatment in the Asia Pacific. Power generation is the second largest segment and will reach \$1636.4 million by 2023 at a CAGR of 4.2%. Water treatment is an industrial process which makes contaminated water suitable for various purposes such as drinking, industrial use, agriculture, medicine. The water contaminants are removed or the concentration of the contaminants is reduced to make it safe for use. Different processes such as settling and filtration, and chemical processes such as disinfection and coagulation are used for water treatment.

Excerpts on Market Growth Factors

The recent developments in the dosing systems have led to the production of automated solutions of low cost. They reduce human interference and provide accurate injection of chemicals during the dosing process. This factor drives the Dosing Systems Market.

Increasing need for drinking water and waste water treatment enhances the growth of dosing

systems in the Asia Pacific.

Growth of the oil & gas and energy industry will enhance the growth of the Dosing Systems Market.

Key players of the Dosing Systems Market

The key players of the Dosing Systems Market are IDEX Corporation, Grundfos Holdings A/S, Lewa GmbH, NETZSCH and Prominent Group. IDEX Corporation is specialized in highly engineered fluidics systems and components along with fire and safety products. Grundfos is an advanced pump solutions provider in water technology. Pumps for air conditioning, ventilation and heating are also provided by Grundfos. Lewa GmbH meets the end users' needs for support in design phase of system engineering and handling of fluids. NETZSCH makes positive displacement pumps worldwide. These pumps are used in oil & gas and mining industry. Prominent Group makes components and systems for fluid handling and water treatment.

Dosing Systems Market is segmented as below

Growing end user industries such as oil & gas, power generation, and chemical processing drive the Dosing Systems Market.

A. Dosing Systems Market By Application

1. Water Treatment
2. Power Generation
3. Oil & Gas
4. Chemical Processes
5. Food & Beverages
6. Others

B. Dosing Systems Market By Technology Type

1. Diaphragm
2. Plunger/Piston
3. Cavity
4. Peristaltic
5. Others

C. Dosing Systems Market by Geography (covers 14+ countries)

D. Dosing Systems Market Market Entropy

Companies Cited / Interviewed

1. ADVANCED HOLDINGS LTD
2. ALLTECH DOSIERANLAGEN GMBH
3. BUHLER AG
4. BRIGHTWELL DISPENSERS LTD.
5. DIOXIDE PACIFIC PTY LTD
6. DOYEN MACHINERY CO., LTD
7. FRAMES purchase or
8. GRUNDFOS
9. IDEX CORPORATION

10. LEWA GROUP
11. METITO HOLDINGS LIMITED
12. Company 12
13. Company 13
14. Company 14
15. Company 15+

B. Flow Sensor Market

<https://industryarc.com/Report/191/Flow-Sensors-Market-Forecast.html>

What can you expect from the report?

The Dosing Systems Market Report is Prepared with the Main Agenda to Cover the following 20 points:

1. Market Size by Product Categories & Application
2. Market trends & Relevant Market Data
3. Manufacturer Landscape
4. Distributor Landscape
5. Pricing Analysis
6. Top 10 End user Analysis
7. Product Benchmarking
8. Product Developments
9. Mergers & Acquisition Analysis
10. Patent Analysis
11. Demand Analysis (Revenue & Volume)
12. Country level Analysis
13. Competitor Analysis
14. Market Shares Analysis
15. Value Chain Analysis
16. Supply Chain Analysis
17. Strategic Analysis
18. Current & Future Market Landscape Analysis
19. Opportunity Analysis
20. Revenue and Volume Analysis

About IndustryARC:

IndustryARC is a Research and Consulting Firm that publishes more than 500 reports annually, in various industries such as Agriculture, Automotive, Automation & Instrumentation, Chemicals and Materials, Energy and Power, Electronics, Food & Beverages, Information Technology, Life sciences & Healthcare.

IndustryARC primarily focuses on Cutting Edge Technologies and Newer Applications in a Market. Our Custom Research Services are designed to provide insights on the constant flux in the global supply-demand gap of markets. Our strong team of analysts enables us to meet the client research needs at a rapid speed, with a variety of options for your business. We look forward to support the client to be able to better address their customer needs, stay ahead in the market, become the top competitor and get real-time recommendations on business strategies and deals. Contact us to find out how we can help you today.
