

the global Valves, Actuators and Positioners Market is projected to grow at a CAGR of 3.60%

The overall Actuator market in 2017 generated a revenue of about \$36.63 billion.

HYDERABAD, TELANGANA, INDIA, June 19, 2018

/EINPresswire.com/ -- According to the new market research report by [IndustryARC](#) titled “Valves, Actuators and

Positioners Market: By Application (Automotive, Electronics, Others); By Valve Type (Control, Isolation, Others); By Actuator Type (Hydraulic, Electric, Others); By Positioner Type (Pneumatic, Electro Pneumatic) & By Geography - (2018-

2024)”, the global Valves, Actuators and Positioners Market is projected to grow at a CAGR of 3.60%, 4.52%, 4.21% to reach US\$79.12 billion, \$50.89 billion and \$1.68 billion respectively by 2025.

APAC continues to lead the market share and growth during 2018-2024

The highest growth for Valves, Actuators and Positioners Market is forecast in the APAC region due to the projected demand in the manufacturing segment in this region. The total valve market revenue in 2017 was \$60.56 billion, out of which the APAC contributed to almost 34% of the overall market share, generating a revenue of \$20.67 billion. The Automobile industry was one of the major contributors to the revenue generated. The APAC region held the highest market share in the overall market, generating a revenue of about \$11.96 billion in 2017. Growing economy in the APAC region such as China, India, Taiwan and so on, is one of the major driving factors for this market.

Selected Industrial Vertical Analysis done in the full Report:

The major applications of Valves are in Oil & Gas industry, Power Generation, Water & Waste Water Treatment, Chemicals, Automobile, Aerospace, Mining and Marine industries. The Industries where Valves are extensively used can be divided into two segments- Commercial Sector and Industrial Sector. In the commercial sector, Aerospace industry is one of the leading segment and is expected to reach \$2.31 billion by 2024, growing at a CAGR of 1.28%. The Automobile industry is one of the largest consumers of Valves in the Commercial sector and is expected to reach \$3.16 billion by 2024, growing at a CAGR of 7.38%. The increase in disposable income and lifestyle of consumers will drive the need for new vehicles manufactured.

Excerpts Growth Factors Mentioned in the Full Report:

Increasing R&D Developments in the Chemical industry and new applications of synthetic products is driving the Actuators market.

In the past few decades, the number of industries and players in each industry has increased substantially, demanding huge amount of power. Coping with the scarcity of power, the governments of various countries like the U.K, South Africa, Japan, America and others are taking initiatives to increase the capacity of existing power plants and have sanctioned projects to construct new power

plants. As these power plants drive the use of valves and actuators, which in turn drive the VAP market growth.

Key players of Valves, Actuators and Positioners Market:

Pentair is the market leader in the Valves market and having about 9% of the overall share of the Valves market. Emerson is a prominent player in the control valves segment while Cameron manufactures Valves which mostly serve the Oil & Gas industry. Rotork Controls is the top player in the Actuator market contributing to almost 18.5% of the overall industrial sector market share. AUMA is specialized in the manufacture of electric actuators, whereas, Moog and Curtiss-Wright Corp. are the major actuator manufacturers for the aerospace industry.

Valves, Actuators and Positioners Market Report is Segmented as indicated below.

Valves, Actuators and Positioners Market By Type of Valves:

- 1.Type
- 2.Degree of Rotation
Multi-Turn Valves (Gate, Globe, Fixed Cone, Needle, Pinch, Annular and Diaphragm Valves)
Quarter-Turn Valves (Ball, Butterfly, Spherical and Plug Valves)
- 3.Function (Regulation, Isolation, Non-Return, Special and Others

Valves, Actuators and Positioners Market By Actuator Type

- 1.Electric Actuators
- 2.Pneumatic Actuators
- 3.Hydraulic Actuators
- 4.Manual Actuators

Valves, Actuators and Positioners Market By Positioner Type

- 1.Pneumatic Positioner
- 2.Electro-Pneumatic Positioner

3.Electronic

4.Digital

Valves, Actuators and Positioners Market By Industry

1.Aerospace and Defense

2.Automobile

3.Marine

4.Oil & Gas

5.Mining

6.Water Treatment

7.Chemical and Petrochemical Industry

8.Pharmaceutical

9.Power

10.Others

Valves, Actuators and Positioners Market By Geography (Covers 27+ Countries)

Valves, Actuators and Positioners Market Entropy

What can you expect from the report?

The Valves, Actuators and Positioners Market Report is Prepared with the Main Agenda to Cover the following 20 points:

1.Market Size by Product Categories

2.Market trends

3.Manufacturer Landscape

4.Distributor Landscape

5.Pricing Analysis

6.Top 10 End user Analysis

7.Product Benchmarking

8.Product Developments

9.Mergers & Acquisition Analysis

10.Patent Analysis

11.Demand Analysis (By Revenue & Volume)

12.Country level Analysis (15+)

13.Competitor Analysis

14.Market Shares Analysis

15.Value Chain Analysis

16.Supply Chain Analysis

17.Strategic Analysis

18.Current & Future Market Landscape Analysis

19.Opportunity Analysis

20.Revenue and Volume Analysis

About IndustryARC:

IndustryARC is a Research and Consulting Firm that publishes more than 500 reports annually, in various industries such as Agriculture, Automotive, Automation & Instrumentation, Chemicals and Materials, Energy and Power, Electronics, Food & Beverages, Information Technology, Life sciences &Healthcare.

IndustryARC primarily focuses on Cutting Edge Technologies and Newer Applications in a Market. Our Custom Research Services are designed to provide insights on the constant flux in the global supply-demand gap of markets. Our strong team of analysts enables us to meet the client research

needs at a rapid speed, with a variety of options for your business.

We look forward to support the client to be able to better address their customer needs, stay ahead in the market, become the top competitor and get real-time recommendations on business strategies and deals. Contact us to find out how we can help you today.
