Is your WordPress website fast? How can I speed up my WordPress Website? PAGE SPEED WILL BE OFFICIAL GOOGLE RANKING FACTOR, HostedinCanada.com has you covered.

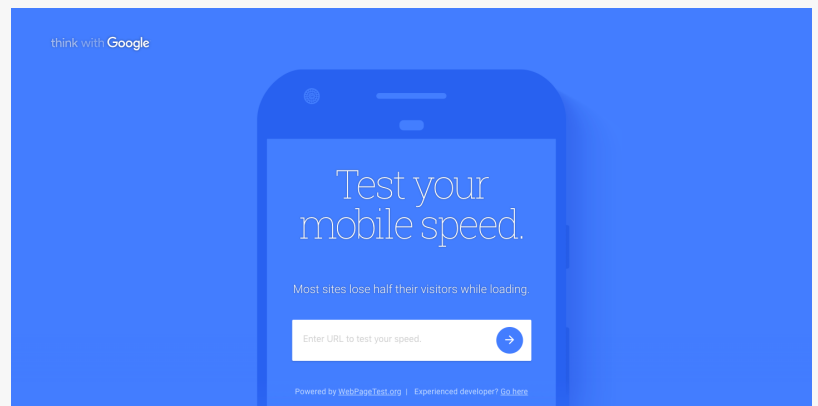

VANCOUVER, BRITISH COLUMBIA, CANADA, June 19, 2018 /EINPresswire.com/ -- Is your WordPress website fast enough? Google announced that they will be making speed a ranking factor within mobile search results starting July 2018. However, this speed update will affect only the worst pages since the intent of the query is still one of the strongest signals. So slow pages can still enjoy higher ranking if they offer relevant content. Canadian Web Hosting sites, all web hosting sites NEED to make sure you TEST and FIX speed issues. At HostedinCanada.com we can help you with WordPress website Speed Optimization.

BUT, it's not just about Google. Speed is a huge factor when it comes to user experience as well. A 2017 Google study revealed that 53% of the visitors abandoned sites that took longer than three seconds to load. It might be a mark that's hard to achieve, especially if you have high-quality images and videos on your site but you can still work on the aspects that can be improved.

There are a few places you can check your website speed. You can use Google's Test My Site, GTMetrix.com or tools.pingdom.com to check your page load time, the approximate percentage of visitors you are losing and other aspects of your site that need improvement.

The screenshot shows the HostedinCanada website homepage. At the top, there is a navigation menu with links for HOME, HOSTING, DOMAINS, OUR SERVICES, RESOURCES & TOOLS, COMPANY, and SUPPORT. The main content area features a large image of a hand holding a red and white HostedinCanada logo. Below the image, there is a headline: "Finally, having access to a WordPress professional with experience is crucial." followed by a paragraph: "Someone you can talk to and ask direct questions and even get help with Development, Graphic Design and WordPress Customization. The ability to chat with one of our professionals is FREE and apart of our WP Enhanced or WP Enterprise packages. If you need help tweaking or customizing your WordPress Website, we offer a 40%+ discount and access to a team of Graphic Designers, Developers, Marketing specialists and more." At the bottom, there is a section header: "Best WordPress Hosting in Canada".

It's worth mentioning that AMP will not enjoy any additional benefits, although it's very nature allows it to fly high on the page load time and naturally gives it an advantage. But other than that, there will be no special "rewards".
