

# Grover Gaming Completes Significant Acquisitions

*The acquisition of 2 Virginia gambling distributors will provide charities and fraternal organizations with entertaining gaming experiences for years to come*

GREENVILLE, NORTH CAROLINA, UNITED STATES, June 19, 2018 /EINPresswire.com/ -- Grover Gaming, Inc., an industry leader in electronic

gaming design and software development, announced today that it had acquired the assets of two well-known gambling distributors in the Commonwealth of Virginia, V-TABS, LLC and Newmarket Entertainment, LLC.

“

We are excited about having an office in Virginia and expanding on the great work the employees of these two companies have done”

*Garrett Blackwelder -  
President*

As the oldest distributor in the Commonwealth’s Electronic Pull Tab Program, V-TABS, LLC helped pave the way for charitable gaming in Virginia. Newmarket Entertainment, LLC, based out of Fredericksburg, is the largest distributor of Electronic Pull Tabs in the State.

“We have provided the software and games to these fine distributors since they both started in Virginia,” said Garrett Blackwelder, President of Grover Gaming. “We look forward to providing their customers and players with even better games and expanding the excellent customer service to which they

are already accustomed.”

According to Blackwelder, Grover Gaming’s investment in Virginia will play a crucial part in providing charities and fraternal organizations with entertaining gaming experiences for many years to come.

“We are excited about having an office in Virginia and expanding on the great work the employees of these two companies have done,” said Blackwelder. “We are also happy to welcome the majority of those employees to the Grover Gaming family!”

Grover Gaming develops software, game content and gaming systems, and is licensed in New Hampshire, Kentucky, North Dakota, Washington, Ontario Canada, and The Commonwealth of Virginia.

Grover Gaming’s design and development facility is located in Greenville, North Carolina, employing over 100 talented team members including developers, artists, audio designers, programmers, and .net developers.
