

# Global Building Information Modeling (BIM) Extraction Software Market Research Report 2018 Analysis and Forecast to 2025

*WiseGuyReports.com adds "Building Information Modeling (BIM) Extraction Software Market 2018 Global Research Report Forecasting to 2025" reports to its database*

PUNE, INDIA, June 20, 2018 /EINPresswire.com/ -- [Building Information Modeling \(BIM\) Extraction Software Market](#):

## Executive Summary

This report studies the global Building Information Modeling (BIM) Extraction Software market size, industry status and forecast, competition landscape and growth opportunity. This research report categorizes the global Building Information Modeling (BIM) Extraction Software market by companies, region, type and end-use industry.

This report focuses on the global top players, covered

Autodesk  
AVEVA Group  
Bentley Systems  
FARO Technologies  
Tekla Corporation  
Safe Software  
Vectorworks  
Microsoft Corporation  
Synchro Software  
Nemetschek Group  
PointCab  
Gexcel  
Assemble Systems  
SierraSoft  
Innovaya  
ClearEdge3D  
Leica  
Geo-Plus  
Technodigit SARL  
Trimble

Market segment by Regions/Countries, this report covers

United States  
Europe  
China

Japan  
Southeast Asia  
India

Market segment by Type, the product can be split into

On Premise Software  
Cloud-based Software

Market segment by Application, Building Information Modeling (BIM) Extraction Software can be split into

Water and Wastewater  
Rail Transit and Aviation  
Energy Generation Facilities  
Roads, Bridges, and Highways  
Houses and Apartments  
Factories and Warehouses  
Educational Institutes and Commercial Spaces  
Government Buildings  
Dams and Others

The study objectives of this report are:

To study and forecast the market size of Building Information Modeling (BIM) Extraction Software in global market.

To analyze the global key players, SWOT analysis, value and global market share for top players.

To define, describe and forecast the market by type, end use and region.

To analyze and compare the market status and forecast between China and major regions, namely, United States, Europe, China, Japan, Southeast Asia, India and Rest of World.

To analyze the global key regions market potential and advantage, opportunity and challenge, restraints and risks.

To identify significant trends and factors driving or inhibiting the market growth.

To analyze the opportunities in the market for stakeholders by identifying the high growth segments.

To strategically analyze each submarket with respect to individual growth trend and their contribution to the market

To analyze competitive developments such as expansions, agreements, new product launches, and acquisitions in the market

To strategically profile the key players and comprehensively analyze their growth strategies.

In this study, the years considered to estimate the market size of Building Information Modeling (BIM) Extraction Software are as follows:

History Year: 2013-2017

Base Year: 2017

Estimated Year: 2018

Forecast Year 2018 to 2025

For the data information by region, company, type and application, 2017 is considered as the base year. Whenever data information was unavailable for the base year, the prior year has been considered.

## Key Stakeholders

Building Information Modeling (BIM) Extraction Software Manufacturers

Building Information Modeling (BIM) Extraction Software Distributors/Traders/Wholesalers

Building Information Modeling (BIM) Extraction Software Subcomponent Manufacturers

Industry Association

Downstream Vendors

Available Customizations

With the given market data, We offers customizations according to the company's specific needs. The following customization options are available for the report:

Regional and country-level analysis of the Building Information Modeling (BIM) Extraction Software market, by end-use.

Detailed analysis and profiles of additional market players.

## Table of Contents

Global Building Information Modeling (BIM) Extraction Software Market Size, Status and Forecast 2025

1 Industry Overview of Building Information Modeling (BIM) Extraction Software

2 Global Building Information Modeling (BIM) Extraction Software Competition Analysis by Players

3 Company (Top Players) Profiles

4 Global Building Information Modeling (BIM) Extraction Software Market Size by Type and Application (2013-2018)

5 United States Building Information Modeling (BIM) Extraction Software Development Status and Outlook

6 Europe Building Information Modeling (BIM) Extraction Software Development Status and Outlook

7 China Building Information Modeling (BIM) Extraction Software Development Status and Outlook

8 Japan Building Information Modeling (BIM) Extraction Software Development Status and Outlook

9 Southeast Asia Building Information Modeling (BIM) Extraction Software Development Status and Outlook

10 India Building Information Modeling (BIM) Extraction Software Development Status and Outlook

11 Market Forecast by Regions, Type and Application (2018-2025)

12 Building Information Modeling (BIM) Extraction Software Market Dynamics

13 Market Effect Factors Analysis

14 Research Finding/Conclusion

15 Appendix

Continuous...
