

Global Coating Resins Market is projected to grow at a CAGR of 4.4% and to reach USD 43.08 billion by 2023

America's coating resins market is predicted to expand rapidly as compared to other regions, to generate a revenue of \$11.78 million by 2023.

HYDERABAD, TELANGANA, INDIA, June 26, 2018

/EINPresswire.com/ -- In the Report "Coating Resins Market:

By Type (Acrylic, Alkyd, Amino, Epoxy, Others); By

Formulation (Water, Solvent, Hot Melt, Others); By Application

(Architectural, Automotive, F&B, Industrial, Others); By

Geography - (2018-2023)" published by [IndustryARC](https://industryarc.com), the

market drivers identified are the development of green, environmental-friendly and healthier coating systems, more durable coatings with better performance and better aesthetics, and lower costs and efficiency in use that will continue in coming years.

America continues leading growth in the Coating Resins Market

Reason behind fastest growth is that the region has been the pioneer in coatings and related chemicals, mainly driven by innovation, scale of manufacturing and robust chemical industry.

Americas host many major suppliers of coating resins including Dow Chemicals and Momentive Specialty Chemicals, Inc.

In recent years, Brazil and Mexico has attracted significant investments in the manufacturing and infrastructure sectors. This expands the scope of coating resins market in this region. Architectural industry has always been the visible end-use industry for coating resins in America. The industry is mainly driven by the strong infrastructural industry and the rise in reconstruction trend. EU's economy is largely influenced by the dynamics of developed countries of Western Europe.

Selected Type Analysis done in the full Report:

Acrylic resin holds the highest share for coating resins market revenue due to the increasing demand from the end user segments such as architecture and automotive applications. New developments in waterborne acrylic technology are pushing the limits of their performance. Acrylic resins generated the maximum share of 31% in 2017, which accounted for \$10.7 billion in the overall coating resins market. It is anticipated to grow at a CAGR of 5.4% and to reach \$14.55 billion by 2023. The market is followed by alkyd resin, which also holds a considerable share of 16% in the global coating resins market. The alkyd resin market is set to experience a shift from using solvent to water based coatings. The global market revenue of alkyds in coating resins is estimated to reach \$6.14 billion at a CAGR of 2.9% during the forecast period of 2018 to 2023.

Excerpts on Market Growth Factors

South-East countries are undergoing a transformational change in terms of both the economic and infrastructural developments. So, new investments mainly in China in the sectors of infrastructure, automotive and food & beverage sectors would present high opportunities for coating resin filling market.

New applications for the waterborne acrylic resins are the growth factors for this industry. Thermal insulation coatings and sound damp coatings are the acrylic resins which is trending and since resins find their applications here, the overall market will see an opportunity to grow.

There has been a shift from solvent borne coatings to waterborne coatings in the architectural space owing to the latest advancements which favors the companies with innovative resin offerings.

Key players of the Coating Resins Market

The major manufacturers of coating resin are the Dow Chemical Company, BASF SE and many others. HELIOS Group, Reichhold LLC, Allnex Belgium SA/NV are some of the players that produce coating resins for architectural coatings application market. DSM Coating Resins, Allnex Belgium SA/NV are some of the players that produce coating resins for automotive coatings application market. OMNOVA Solutions Inc., Nuplex Industries Ltd., BASF SE are some of the players that produce coating resins for industrial coatings application market.

Coating Resins Market report is segmented as below

A.Coating Resins Market: By Type

- 1.Acrylic Resins
- 2.Alkyd Resins
- 3.Amino Resins
- 4.Epoxy Resins
- 5.Vinyl Resins
- 6.Polyurethane Resins
- 7.Saturated Polyester Resins
- 8.Unsaturated Polyester Resin
- 9.Others

B.Coating Resins Market – By Formulation

- 1.Water Based
- 2.Solvent Based
- 3.Hot Melt Based
- 4.Radiation Cured
- 5.Powder Based
- 6.Hot Melt Based

C.Coating Resins Market – By Application

- 1.Architectural
- 2.Automotive

- 3.Food Packaging
- 4.Industrial
- 5.Paper and Pulp
- 6.Marine
- 7.Wood
- 8.Others

D.Cloud Billing Market by Geography (covers 10+ countries)

E.Cloud Billing Market Entropy

Companies Cited / Interviewed

- 1.Koninklijke Dsm N.V
- 2.Arkema Sa
- 3.Evonik Industries Ag
- 4.Ineos Capital Limited
- 5.Hexion Inc.
- 6.Nuplex Industries Ltd
- 7.Resiquimica - Resinas Quimicas, S.A.
- 8.Ring International Holding Ag
- 9.Bayer Ag (Covestro)
- 10.The Valspar Corporation
- 11.Lubrizol Corporation
- 12.Company 12
- 13.Company 13
- 14.Company 14+

What can you expect from the report?

The Coating Resins Market Report is Prepared with the Main Agenda to Cover the following 20 points:

- | | |
|--|--|
| 1. Market Size by Product Categories & Application | 11. Demand Analysis (Revenue & Volume) |
| 2. Market trends & Relevant Market Data | 12. Country level Analysis |
| 3. Manufacturer Landscape | 13. Competitor Analysis |
| 4. Distributor Landscape | 14. Market Shares Analysis |
| 5. Pricing Analysis | 15. Value Chain Analysis |
| 6. Top 10 End user Analysis | 16. Supply Chain Analysis |
| 7. Product Benchmarking | 17. Strategic Analysis |
| 8. Product Developments | 18. Current & Future Market Landscape Analysis |
| 9. Mergers & Acquisition Analysis | 19. Opportunity Analysis |
| 10. Patent Analysis | 20. Revenue and Volume Analysis |

About IndustryARC:

IndustryARC is a Research and Consulting Firm that publishes more than 500 reports annually, in various industries such as Agriculture, Automotive, Automation & Instrumentation, Chemicals and Materials, Energy and Power, Electronics, Food & Beverages, Information Technology, Life sciences & Healthcare.

IndustryARC primarily focuses on Cutting Edge Technologies and Newer Applications in a Market. Our Custom Research Services are designed to provide insights on the constant flux in the global supply-demand gap of markets. Our strong team of analysts enables us to meet the client research needs at a rapid speed, with a variety of options for your business.

We look forward to support the client to be able to better address their customer needs, stay ahead in the market, become the top competitor and get real-time recommendations on business strategies and deals. Contact us to find out how we can help you today.
