-- New Book Offers Hands-on Advice for Company Leaders

[Suck it Up Buttercup](#) – Be a Leader People Will Follow by [Wendy Sellers](#) is Available at Amazon Books NOW!

ORLANDO, FL., JUNE, 22 /PRLOG/

Wendy Sellers, "[The HR Lady](#)" who is often heard saying, "Suck It Up, Buttercup" has just released a new book by the same name.

Recently, that phrase has taken on a whole new meaning for Wendy. In the past, it was directed at what she believed were inept employees. Now it is directed at the true root cause of poor management: leaders who are unwilling to consider the ideas or perceptions of others.

From the Cover of the Book - "Dominant, direct leaders who don't get emotional get the job done, right? Take charge and cut to the chase, right? People who allow their emotions to get in the way of business need to just "suck it up." Right? Wrong!"

The Book is on Sale Now

Using the skills that Wendy teaches, you can motivate people to want to work hard for you and eventually, increase your bottom line. Career professionals will learn exactly how to become a leader – a leader that people will follow.

“

One for the ages. A true look at successful 2018 company management styles from an HR expert.”

John Ryan

The author has a storied career in business consulting and analyses. While running a successful coaching, training and development company, BlackRain Partners, she has written her first book while also speaking publicly in corporate circles, at HR conferences and leadership venues.

Wendy is hired by companies to visit with their employee, assess their skills and discuss their business gaps while helping develop solid leadership qualities for more powerful managers within those companies.

Wendy has quite literally, "written the book" on developing the personal management traits of running

a successful business with employees who become raving fans of their companies.
