Favorable government policies and rising foreign direct investments have increased the number of MNCs in the country and also boosted the entry of foreign players. This has led to a rise in the

number of offices as well as the demand for office chairs worldwide. Also, the growing number of companies in the technology, media, telecom, retail, financial, and transport sectors in 2015 has increased the demand of office chairs. Therefore, the growing demand for office space will be favorable for the growth of the office chairs market.

The worldwide market for Office Chairs is expected to grow at a CAGR of roughly 5.9% over the next five years, will reach 13100 million US\$ in 2023, from 9280 million US\$ in 2017, according to a new GIR (Global Info Research) study.
