

# Underground Mining Equipment Market Opportunities by Key Players, Regional Segmentation and Forecasts, 2018 – 2025

PUNE, INDIA, June 29, 2018 /EINPresswire.com/ -- Global Underground Mining Equipment Industry

New Study on “2018-2025 Underground Mining Equipment Market Global Key Player, Demand, Growth, Opportunities and Analysis Forecast” added to Wise Guy Reports Database

This report studies the global Underground Mining Equipment market status and forecast, categorizes the global Underground Mining Equipment market size (value & volume) by manufacturers, type, application, and region. This report focuses on the top manufacturers in North America, Europe, Japan, China, and other regions (India, Southeast Asia, Central & South America, and Middle East & Africa).

Underground Mining Equipment is the mining equipment used in the underground. Underground mining is a technique used to access ores and valuable minerals in the ground by digging into the ground to extract them.

Underground mining involves mineral production by extracting natural resources such as metals, coal, and minerals, including iron ore, titanium, bauxite, and copper, and various non-metallic products from beneath the earth's surface. The mining methods required for underground extraction are selected based on parameters such as geographical conditions, spatial and geometric characteristics, the economic value of ore, estimated operational costs, and availability of raw materials. Globally, APAC region generates the highest consumption value, followed by the North America, Europe, South America and Africa. The growing mining activities in developing countries of APAC such as China, India, and Australia, are the major factors influencing the growth of the market. Also, the growing demand from coal industry will drive the underground mining equipment market.

Try Sample Report @ <https://www.wiseguyreports.com/reports/3217973-global-underground-mining-equipment-market-research-report-2018>

The coal mining sector was the highest revenue generator with over 40.21% market share in 2016, and this growth will continue through the forecast period. The energy industry is a significant end-user of mined coal products, as coal being a vital resource for energy production. Also, following the rapid growth in urbanization and industrialization, the demand for power generation has increased, thus triggering coal mining activities.

The global Underground Mining Equipment market is valued at 17300 million US\$ in 2017 and will reach 27400 million US\$ by the end of 2025, growing at a CAGR of 6.8% during 2018-2025.

The major manufacturers covered in this report

Caterpillar

Komatsu (Joy Global)

Volvo

Hitachi Construction Machinery

Sandvik

Atlas Copco  
Metso  
ThyssenKrupp  
Liebherr-International  
ZMJ  
FLSmidth  
Doosan Infracore  
China Coal Group

Geographically, this report studies the top producers and consumers, focuses on product capacity, production, value, consumption, market share and growth opportunity in these key regions, covering  
North America  
Europe  
China  
Japan  
Southeast Asia  
India

We can also provide the customized separate regional or country-level reports, for the following regions:

North America  
United States  
Canada  
Mexico  
Asia-Pacific  
China  
India  
Japan  
South Korea  
Australia  
Indonesia  
Singapore  
Rest of Asia-Pacific  
Europe  
Germany  
France  
UK  
Italy  
Spain  
Russia  
Rest of Europe  
Central & South America  
Brazil  
Argentina  
Rest of South America  
Middle East & Africa  
Saudi Arabia  
Turkey  
Rest of Middle East & Africa

On the basis of product, this report displays the production, revenue, price, market share and growth rate of each type, primarily split into

Longwall

Room and Pillar

On the basis of the end users/applications, this report focuses on the status and outlook for major applications/end users, consumption (sales), market share and growth rate for each application, including

Coal Mining

Metal Mining

Mineral Mining

The study objectives of this report are:

To analyze and study the global Underground Mining Equipment capacity, production, value, consumption, status (2013-2017) and forecast (2018-2025);

Focuses on the key Underground Mining Equipment manufacturers, to study the capacity, production, value, market share and development plans in future.

Focuses on the global key manufacturers, to define, describe and analyze the market competition landscape, SWOT analysis.

To define, describe and forecast the market by type, application and region.

To analyze the global and key regions market potential and advantage, opportunity and challenge, restraints and risks.

To identify significant trends and factors driving or inhibiting the market growth.

To analyze the opportunities in the market for stakeholders by identifying the high growth segments.

To strategically analyze each submarket with respect to individual growth trend and their contribution to the market

To analyze competitive developments such as expansions, agreements, new product launches, and acquisitions in the market

To strategically profile the key players and comprehensively analyze their growth strategies.

In this study, the years considered to estimate the market size of Underground Mining Equipment are as follows:

History Year: 2013-2017

Base Year: 2017

Estimated Year: 2018

Forecast Year 2018 to 2025

For the data information by region, company, type and application, 2017 is considered as the base year. Whenever data information was unavailable for the base year, the prior year has been considered.

Key Stakeholders

Underground Mining Equipment Manufacturers

Underground Mining Equipment Distributors/Traders/Wholesalers

Underground Mining Equipment Subcomponent Manufacturers

Industry Association

Downstream Vendors

Available Customizations

With the given market data, QYResearch offers customizations according to the company's specific needs. The following customization options are available for the report:

Regional and country-level analysis of the Underground Mining Equipment market, by end-use.

Detailed analysis and profiles of additional market players.

Some points from table of content:

## Global Underground Mining Equipment Market Research Report 2018

### 1 Underground Mining Equipment Market Overview

#### 1.1 Product Overview and Scope of Underground Mining Equipment

#### 1.2 Underground Mining Equipment Segment by Type (Product Category)

##### 1.2.1 Global Underground Mining Equipment Production and CAGR (%) Comparison by Type (Product Category)(2013-2025)

##### 1.2.2 Global Underground Mining Equipment Production Market Share by Type (Product Category) in 2017

##### 1.2.3 Longwall

##### 1.2.4 Room and Pillar

#### 1.3 Global Underground Mining Equipment Segment by Application

##### 1.3.1 Underground Mining Equipment Consumption (Sales) Comparison by Application (2013-2025)

##### 1.3.2 Coal Mining

##### 1.3.3 Metal Mining

##### 1.3.4 Mineral Mining

#### 1.4 Global Underground Mining Equipment Market by Region (2013-2025)

##### 1.4.1 Global Underground Mining Equipment Market Size (Value) and CAGR (%) Comparison by Region (2013-2025)

##### 1.4.2 North America Status and Prospect (2013-2025)

##### 1.4.3 Europe Status and Prospect (2013-2025)

##### 1.4.4 China Status and Prospect (2013-2025)

##### 1.4.5 Japan Status and Prospect (2013-2025)

##### 1.4.6 Southeast Asia Status and Prospect (2013-2025)

##### 1.4.7 India Status and Prospect (2013-2025)
