This report focuses on the top players in North America, Europe, Asia-Pacific, South America, and Middle East & Africa.

Badminton is a racquet sport played using racquets to hit a shuttlecock across a net. Although it may be played with larger teams, the most common forms of the game are "singles" (with one player per side) and "doubles" (with two players per side). Badminton is often played as a casual outdoor activity in a yard or on a beach; formal games are played on a rectangular indoor court. Points are scored by striking the shuttlecock with the racquet and landing it within the opposing side's half of the court. Rising interest in badminton among children, government support, increase in the number of badminton tournaments and people preference are key factors contributing to the growth of market. One of the most important factors driving the growth of this market is the rising interest in badminton among children. This has led to several schools and colleges providing their students with the required training for badminton and encouraging them to participate in events and tournaments. The prevailing popularity of badminton tournaments like the Super Series Badminton League and the Premier Badminton League is also indicative of the fact that the market has a high growth potential for the forecast period. The APAC region led the global badminton equipment market and is expected to increase on account of rapid population growth.

The global Badminton Equipment market is valued at xx million US\$ in 2017 and will reach xx million US\$ by the end of 2025, growing at a CAGR of xx% during 2018-2025.
