PUNE, INDIA, June 29, 2018 /EINPresswire.com/ -- [Digital Badges](#) Market:

Executive Summary

Global Digital Badges Market valued approximately USD xx billion in 2016 is anticipated to grow with a healthy growth rate of more than 29.3% over the forecast period 2017-2025. Increased emphasis on gamification, the concept of experimental learning through the elements of games and gamification is gaining traction in the market. This led to an increase in incorporation of elements of gamification in the curriculum of many educational institutions, especially the ones catering to the K-12 sector. Certain games mechanics such as points, badges, and other virtual reward systems are involved in the gamification of classes and content. The advent of e-learning and online learning is another factor that has kickstarted the concept of gamification. Such technologies enable parents and students to compare the learning processes with peers and conduct self-assessment of their performance in the classroom
