

## Atlantic Health Announces Strategic Partnership With San Diego Insurtech Company, UE.co

Insurance Leader utilizes The UE.co Platform to Manage their Customer Acquisition Operations

SAN DIEGO, CA, UNITED STATES, July 2, 2018 /EINPresswire.com/ -- Atlantic Health is leveraging the UE.co Platform to manage their customer acquisition operations, across multiple, performance marketing channels. Using AI driven data, the UE.co Platform captures valuable, long-term customers for online service providers by analyzing closed loop conversion data, prospect identification tools, and real-time price modeling.

Platform features like consolidated vendor management and automated budget optimization are producing increased efficiency, including a 50% increase in overall monthly sales volume accompanied by a 25% reduction in Cost Per Sale. Moving forward, Atlantic Health will continue opting into additional platform features like SMS marketing management and live call transfer acquisition to drive its marketing strategy further.

"The Atlantic Health team is excited about our partnership with UE.co," said Evan Jaxtheimer, Co-Founder of Atlantic Health. "The UE.co platform drives greater insight into our marketing spend and has allowed our teams to invest more time into operating the business as opposed to managing a network of vendors."

"Atlantic Health is a perfect example of an organization that has streamlined their marketing operations by leveraging The UE.co Platform," said Jason Kulpa, CEO of UE.co. "As Atlantic Health continues to expand their footprint in the <u>Health Insurance</u> category, the UE.co Platform and team will be there to support their mission."

About UE.co:
