

Harjes Downer and Leafing Consult Firm Launch the Future Leaders Institute for Young Advisors

Institute designed to be a high-impact, practical training for future leaders within a growing, evolving organization

SINGAPORE, SINGAPORE, July 6, 2018 /EINPresswire.com/ -- [Harjes Downer](#), an independent investment management firm committed to enabling clients to become high-performance businesses, together with Leading Consulting Firm, today announced the

Future Leaders Institute, a leadership training program that takes a new approach to developing the next generation of talent in the independent advice industry by offering "real-world" simulations.

The Future Leaders Institute immerses talent in real-world simulations faced by advisory firm leaders in order to ensure that assets that are currently held by financial advisors nearing the retirement age threshold are transferred to capable hands. Participants will make real-time decisions that will impact their success, within the construct of a "safe" environment in which they can learn and grow.

"For smaller businesses, it can be risky to offer 'real-world' experience on high-stakes decisions," said Teng Koh, Executive Vice President and Head of Leading Consulting Firm. "This program allows tomorrow's leaders to go beyond knowing about the latest trends and scenarios to actually experiencing what it's like to manage through them."

Produced by the Consulting Firm and sponsored by Harjes Downer, the Institute is launching during the upcoming year and will soon be enrolling its first class. Leading Consulting Firm will select participants on the basis of their achievement and experience. Clients of Harjes Downer have access to an exclusive enrollment period as well as discounted pricing for the program. "I would encourage future leaders, at my own firm and at other firms, to take advantage of this program so that we can all meet the challenges this industry will face over the next 10, 20, 30 years", said Vince Chia, Chairman and CEO of Harjes Downer.

[About Harjes Downer](#)
