

# Rohde & Schwarz, PBS and Simlat announced as latest sponsors for UAV Technology conference 2018

*SMi reports: Rohde & Schwarz, PBS and Simlat to sponsor UAV Technology conference taking place this September in Prague.*

LONDON, WATERLOO, UNITED KINGDOM, July 9, 2018

/EINPresswire.com/ -- SMi is proud to announce Rohde & Schwarz, PBS and Simlat as the latest organisations to sponsor this year's [UAV Technology conference](#), taking place on the 26th and 27th September 2018 in Prague, Czech Republic.

As one of the world's leading manufacturers of information and communications technology products for more than 80 years, Rohde & Schwarz initially focusing on RF engineering and RF applications in test and measurement, radio communications and broadcasting. Since then, the company has continually expanded its fields of activity over the past few decades. Their R&S@ARDRONIS automatic radio-controlled drone identification solution is a comprehensive solution with specialized capabilities for detecting, identifying, classifying, direction finding, recording and disrupting the remote-control link to a drone.

První brněnská strojírna Velká Bíteš, a.s. (PBS) has been a leading manufacturer of products and equipment for the international aerospace industry for almost 50 years. The unique ability of PBS to carry out in-house development, manufacture and testing of aircraft products in accordance with global aerospace standards have greatly contributed to its enduring success on the global market. They are manufacturers of PBS turbine engines, specifically designed for use in UAV aerial vehicles, target drones, missiles, microjets, small manned aircraft and helicopters.

Simlat is a leading provider of innovative, next generation training solutions for Unmanned Aerial Systems (UAS). These training solution systems enable training for any platform, payload and mission. Simlat's systems provide an astounding UAS training experience that boosts performance and safety while dramatically decreases risk and expenses. Their vision is to deliver the optimal Training & Simulation products for the world of Unmanned Systems.

SMi presents the 3rd annual...  SMi

# UAV TECHNOLOGY

## Prague, Czech Republic

26-27 SEPTEMBER 2018

#UAVTECH2018

UAV Technology 2018

All three sponsors will be exhibiting their latest technology at the two-day conference and delegates will have the chance to learn about the most up-to-date technological advances in UAV technology and network with the industry leaders.

This year's highly-anticipated event will focus on how the operational deployment of unmanned aerial platforms and countering UAS can be maximised. Host nation and international expert military speakers will be giving high level briefings on adapting to technology proliferation and countering UAS, threat detection and neutralisation. The latest developments in programmes and research, as well as procurement and regional updates will also be discussed in detail at the conference.
