About Anguilla

Tucked away in the northern Caribbean, Anguilla is a shy beauty with a warm smile. A slender length of coral and limestone fringed with green, the island is ringed with 33 beaches, considered by savvy travelers and top travel magazines, to be the most beautiful in the world.

Anguilla lies just off the beaten path, so it has retained a charming character and exclusivity. Yet because it can be conveniently reached from two major gateways: Puerto Rico and St Martin, and by private air, it's a hop and a skip away.
