PHILADELPHIA, PA, USA, July 16, 2018 /EINPresswire.com/ -- Fans of romantic historical fiction will be delighted to read the much-anticipated second book in the “Secrets of Versailles” series entitled “Bride Tree.” Author [JP Robinson](#) builds upon the success of the first installment, “Twiceborn,” with this exciting and vivid tale.

“Bride Tree” centers around the diabolical plot of a secret agent from Rome and the struggle of Marie Antoinette during the heated chaos of the French Revolution. The book is a romantic thriller saturated with suspense, lavish detail, and plot twists—hallmarks of Robinson’s work that will entice any lover of great fiction.

Fusing elements of alternative history with layers of dramatic intrigue, “Bride Tree” presents a compelling message for women of the 21st century, challenging readers to rise above the superficial and unmask the truth.

“Contemporary society bombards women of all ages with the message that beauty and appeal are the keys to success,” explains the author, “but that’s just not true. We’ve created a world in which many wear masks, but few know the liberating power that real love brings. Christ showed us that truth and love are synonymous. They are aspects of God’s nature that set us free to experience a life-changing walk with Him. ‘Bride Tree’ drives that point home.”

Robinson will be featured as a speaker at the Greater Philadelphia Christian Writer’s Conference on July 26-28, 2018. The workshop will focus on how to successfully write historical fiction/memoirs/(auto)biographies, and copies of “Bride Tree” will be available at a discounted rate to all attendees. In addition to his two most recent works, Robinson enjoys sharing his love for “truth through drama” with various book readings and events throughout the nation. He has done multiple interviews about his love of bringing history to life through narrative tales.

“Bride Tree” is available now in multiple formats, on [Amazon](#), Amazon Kindle Unlimited, and at [Barnes and Noble](#). It will also be available in audiobook format in late fall of 2018.
